Gromyko's Answer To West Waited

Talk On Price For Berlin Truce Could Decide Parley Fate

GENEVA (AP)—Andrei Gromyko is expected to give the Soviet answer today to the Western demand that he cut his price for a truce over Berlin. His speech could decide the fate of the Big Four conference.

Some Communist informants hinted that the Soviet foreign minister might back down slightly from his insistence that the West grant Communist East Germany equality with West Germany by creating an all-German committee to negotiate on unification.

Alternatively, he might try to stave off a final showdown by suggesting some new approach to the whole problem and calling for a further study of the possibilities of a compromise.

Top Western officials said they had no indication that any Soviet concession was in the making. In a 90-minute secret talk Tuesday with the three Western foreign foreign ministers, Gromyko refused to budge from the Soviet insistence on giving the East German equal status with the West-Germans.

U.S. Secretary of State Christian A. Herter, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville pressed Gromyko repeatedly to discuss the Western counterproposal for a continuing Big Four conference on unification with East and West Germans sitting in as advisers.

They also tried to find out whether Gromyko would be willing to put his own committee proposal aside and give first priority to a Big Four deal to remove the Communist threat to West Berlin.

Western diplomats said Gromyko dodged and avoided direct answers, saying, "You know my position." Lloyd reportedly denounced Gromyko's tactics in a brief angry clash.

All three Western ministers told Gromyko they intend to break off the conference soon unless they begin to make progress toward an agreement. Herter had given him a similar warning on Monday.

All 7 Killed As Air Force Plane Crashes

ANDOVER, N.H. (AP)—An Air Force plane crashed in flames and all seven crewmen perished early today.

Officers at Pease Air Force Base from which the plane was flying on a routine training mission said all seven bodies were recovered.

The Air Force listed the victims as:

Capt. James H. White, Cambridge, Mass., 1st Lt. Harold C. High, Duluth, Minn.; 1st Lt. Dean H. Holzworth, Worland, Wyo.; Sgt. Marion C. Ackerman, Vevay, Ind.; A.3C. Phillips K. Daret, Norman, Okla.; T.Sgt. Owen Q. Combs, Bloomfield, Ind., and T. Sgt. Jake Schmidt, Riverton, Wyo.

The craft was identified as a KC97 propeller-driven tanker plane.

The crewmen of a companion plane flying a mile to the rear and a state trooper on the ground said they saw the plane plummet in flames through an overcast.

The plane struck down near a saw mill on the farm of Bud Keyser about a mile and a half south of the village of Andover in south-central New Hampshire.

State trooper Joseph Humphrey said he was checking cottages just before 2 a.m. about three miles away when he saw the burning plane come down through an overcast.

He rushed to the scene but found all personnel aboard dead.

Salem Files Bond Issue To Build Storm Sewers

Salem City Council today certified a resolution to the County Election Board asking a vote at the Nov. 3 general election on a $350,000 bond issue to finance a citywide storm sewer project.

The resolution carries an estimate from County Auditor Kenneth Bell that a levy of fifty-five hundredths of a mill would be required to retire the issue, plus interest, over a 25-year period. The resolution was enacted Friday as emergency legislation.

Meanwhile, Ray Laughlin filed with the Election Board as a candidate for Wayne Township clerk in the Nov. 3 election.

Cost Of Living Hit All-Time High In June

Four-Tenths Of 1% Largest Increase In Last 14 Months

WASHINGTON (AP) — The cost of living rose four-tenths of 1 per cent in June to a record high.

This was the largest monthly increase in 14 months.

Announcing the rise, as measured by its consumer price index, the Labor Department said today that all major items in the living costs of city families advanced.

However, Commissioner Ewan Clague of the Bureau of Labor Statistics told newsmen the upsurge of prices was "not a sign that the index is about to take off."

He said the increase was largely seasonal, due to a sharp advance in foods, chiefly fresh fruits and vegetables.

The rise took the price index to 124.5 per cent of the 1947-49 average. This is six-tenths of 1 per cent higher than a year ago.

The increase will mean wage boosts of 1 or 2 cents an hour for about 600,000 workers whose union contracts have escalator clauses calling for periodic adjustments of wages to the cost of living.

About 200,000 men in the trucking industry and 100,000 workers in aircraft plants will receive a 2-cent hourly increase. About 230,000 electrical manufacturing workers and some employes in other industries will get boosts averaging about 1-cent an hour.

Building Code Plans Tabled At Wellsville

Councilmen Debate 2 Hours Then Defer Action On Measure

Following a debate which lasted almost two hours, Wellsville City Council Tuesday night tabled legislation to establish a building code, which was up for second reading.

Most of the councilmen indicated they want more time to study the proposal and Myron Weis, president, ordered the legislation tabled until the next meeting instead of asking for a motion to officially place it on second reading.

Primary opponents last night were Atty. Delmar T. O'Hara and Atty. Raymond Knepper, the city's fiscal agent. Speaking for the proposed code were Fire Chief Robert Lewis and Solicitor William Bush.

Lewis said the code is a set of laws designed to protect residents both financially and physically. The code prevents improper electrical installation and improper building practices which contribute to fires. "The condition of the town is structurally poor because there was no code 25 or 50 years ago," he said.

Knepper said that the code "is very involved" and although Council was considering only an abbreviated edition, many references will have to be made to a more complicated version of the

Miss USA To Be Chosen From 15 Beauties Tonight

LONG BEACH, Calif. (AP) — A simple adding machine tabulates smiles or tears tonight for 15 American beauties in Miss USA finals of the Miss Universe pageant.

Tonight's winner mixes with 33 foreign lovelies Thursday in the international beauty contest. Fairest of the fair will be selected Miss Universe on Friday.

The 46 American contestants Tuesday night were pared to this select 15:

Miss Alabama, Pat Sullivan; Miss Arkansas, Donna Sue Needham; Miss California, Terry Lynn Huntingdon; Miss Colorado, Diane Lee Gardner; Miss Florida, Nanita Greene; Miss Georgia, Dorothy Gladys Taylor; Miss Iowa, Kay Nielson; Miss Louisiana, Mary Margaret La Bianco.

Miss Maine, Carolyn Komant; Miss Maryland, Diane White; Miss Missouri, Barbara Stell; Miss Nevada, Joy Blaine; Miss New York, Arlene Nesbitt; Miss Texas, Carolgean Douglas, and Miss West Virginia, Wilda Sue Estep.

Stern-faced judges and a crowd of 3,500 in Memorial Auditorium watched while the girls paraded in evening dresses and bathing suits. Then the girls nervously sat backstage while an adding machine decided the winners from judges tally sheets.

Announcement of the winners' names brought applause from the crowd, smiles from the victors, and tears from some of the losers—who had come from as far away as Alaska and Vermont.

Miss Korea, Kyun Choo Oh, received a warm round of applause when she returned to her hotel. She was voted Miss Personality in the beauty pageant. Miss England, Pamela Anne Searle, was voted most photogentic by the press photographers.

Pay On Debt Before Tax Cut, Ike Says

Still Has Hope For Progress In Talks At Geneva Parley

WASHINGTON (AP) — President Eisenhower said today there must be some payment on the huge national debt before any tax reduction can be justified.

The President, at a news conference, identified himself as the source of news dispatches Tuesday saying, among other things, that he sees no real hope for any tax cut during his last 18 months in office.

Eisenhower, in those news dispatches, also said the chances for any summit meeting with the Russians had grown increasingly dim.

At his meeting with reporters today the President said substantially the same thing, but added that he still does have hope for progress at the foreign ministers talks in Geneva.

William McGaffin of the Chicago Daily News called Eisenhower's attention to the series of news dispatches Tuesday which expressed Eisenhower's views on many subjects but did not name the source.

When McGaffin started to ask a question, Eisenhower interrupted and said that if McGaffin wanted to know whether he had had a group of newsmen in to dinner, the answer was yes.

McGaffin then called it a good idea because, as he put it, the procedure increased the flow of news. Eisenhower thanked him but took exception when McGaffin protested that what he termed only a chosen few newsmen had been invited.

The President called the procedure an experiment, adding he probably will do it again.

On the point of taxes, Eisenhower was asked whether he believes a reduction is impossible.

He replied that the government should start to pay off the big national debt. Estimates are, he said, that interest on the debt in the fiscal year starting a year from now will total about $8,700,000,000.

When you have to pay out that much in interest alone, the President said, it is the better part of wisdom to start whittling the debt so a tax cut can be justified in the future.

And payment on the debt has not yet started, he observed.

Drivers Cited In 2 Collisions

Dresden Ave. Crash Damages 3 Autos

Two drivers were cited by police as the aftermath of collisions Tuesday afternoon and night on Dresden Ave. and a Thompson Park road near the municipal swimming pool.

Phyllis G. Doughty, 20, of R. D. 2 was charged with failure to stop in the assured clear distance after a collision at 1:19 p. m. on Dresden Ave. that damaged her car and two others. Police said the woman's car hit the rear of a halted auto operated by Raymond A. Virden, 58, of R. D. 1 and drove it forward into the back end of another car driven by Richard M. Titus, 36, of Sub-station, which also was halted. Virden was examined at City Hospital for possible head and neck injuries, but later was released.

The woman forfeited a $16 bond today in Municipal Court.

As the result of the Thompson Park mishap at 8:12 last night, John E. Wooten, 32, of 5th Ave., LaCroft, was charged with failure to yield the right-of-way. Police said his northbound 1953 sedan was involved in a collision with a southbound 1949 car operated by Clifford F. Goodballet, 16, of 1869 Lisbon St.

Wooten told police he halted when he saw Goodballet's car approaching. Goodballet told officers Wooten pulled into his traffic lane. He said he pulled to the right,

Legislature's Adjournment Looms Friday

Hinges On Accord For School Subsidy, Compensation Bills

COLUMBUS, Ohio (AP)—Ohio lawmakers, already in session more than 6½ months, may leave the Capitol for good Friday, if:

The House and Senate can reach a peaceable settlement on two key bills to distribute more than 20 million dollars in new school subsidy money and to liberalize state benefits to injured workers.

The long-hoped-for end to the Legislature's working sessions loomed as a large possibility late this week after the Senate virtually completed action on bills to create two new state departments and enlarge membership of the Racing Commission.

The Senate passed House-approved bills to create the Department of Industrial and Economic Development and the Department of State Personnel. The latter will take the place of the present State Civil Service Commission.

The Racing Commission reorganization will increase membership from four to five, switching it from a bi-partisan to a partisan (3-2) commission.

On the basis of a 2½-hour conference Monday with Gov. Michael V. DiSalle, legislative leaders appeared to be in a mood to make quick work of a formal compromise on the school foundation bill.

But the Senate's labor-minded members appeared unwilling to bow to the House on a hotly controversial bill to increase workmen's compensation benefits.

The House, after weeks of wrangling, adopted a benefit level of $49 a week against the present $40.25. The Senate Commerce and Labor Committee boosted that figure Tuesday night to $52.50 with expectations a conference committee might compromise on $51 a week.

During the course of the day, legislators struck down two attempts to raise their own pay.

In the House, a move went down to defeat which would have given each lawmaker a $10-a-day allowance for attending sessions.

On the Senate side, Democrats and a few Republicans beat down a move which would have increased legislators' salaries from $5,000 to $6,000 a year, effective next January.

Hunt Spreads For Three In Gem Robbery

CHILLICOTHE, Ohio (AP)—A statewide search is continuing for a three-man team that quietly robbed a jewelry store here Tuesday of $10,000 in diamond rings.

Only general descriptions of the trio were available from employes of Weaver's Jewelry.

Police said that two of the men apparently engaged clerks in conversation while the third man slipped rings from a case.

All left a few minutes apart. It was about 15 minutes before the theft was discovered.

One man went to the rear of the store. He asked the owner-manager's wife, Mrs. Earl Young, about the purchase of a watch strap. The second began talking to Mrs. Nolan Grooms, another employe, at a greeting card counter.

The third man was at the front of the store, near the diamond display. He was not waited on by a clerk.

Mitchell Put In Spot For President Bid

One Of 10 In GOP Ike Considers Set For Advancement

WASHINGTON (AP)—His designation as a steel strike factfinder puts Secretary of Labor James P. Mitchell in the limelight for a possible 1960 vice presidential nomination bid.

Mitchell is obviously one of 10 Republicans President Eisenhower considers well qualified for future advancement in party affairs — even for the presidency itself.

Of the 10, Eisenhower has named only Vice President Richard M. Nixon and New York Gov. Nelson A. Rockefeller. He also has said that he will not choose between them if they contest for the presidential nomination next year.

While the President is keeping to himself the other eight names on his list, he is known to look with a pleased political eye on Mitchell.

The labor secretary outlined his one-man fact-finding role Tuesday and told questioning newsmen that his reports to Eisenhower could form the basis for any decisions Eisenhower might make to act.

96th Anniversary Event

Caravan Of 200 To Tour Gen. Morgan's Raid Route

As many as 200 may follow the approximate route of Gen. John Morgan's Confederate raiders through Jefferson, Carroll and Columbiana Counties Sunday in marking the 96th anniversary of the famed Civil War adventure.

The public tour, sponsored by the Columbiana County Historical Association, will start at Bergholz at 1:30, and will end at the marker on Route 518 near West Point where Gen. Morgan and the remnants of his cavalry force surrendered to Union troops July 26, 1863.

Col. Warfield Dorsey of Mount Vernon, representing the national Civil War Centennial Commission, is scheduled to attend along with John Cullen, chairman of Cleveland's Civil War Round - Table, some members of the Louisville (Ky.) historical club and many other historians.

A sound truck will accompany the caravan of cars and buses, and the account of the Confederate raid from Kentucky into Indiana and Ohio will be related.

Members of the Wellsville Historical Society and others from Wellsville will meet at the River Museum at 12:30. East Liverpool, Lisbon, Salem, Columbiana and East Palestine groups will go directly to Bergholz. The Columbiana delegation will travel in a bus.

Various souvenirs of the raid are to be on display at the roadside park on the Gavers-West Point Rd. where Gen. Morgan's bold dash ended—the most northernly advance of the army of the Confederacy.

Morgan and some 2,500 horsemen moved out of Tennessee into Union-held Kentucky late in June 1863, and reached the Ohio July 8 after some skirmishes. Crossing into Indiana, the swiftly moving

No Previous Labor Chief Took Step

Ike Will Use Data He Finds To Decide On Taft-Hartley Law

NEW YORK (AP)—Secretary of Labor James P. Mitchell has entered the week-old steel strike.

He will act as fact-finder for President Eisenhower, who reportedly is reluctant to intervene in the process of collective bargaining.

Mitchell's move is without precedent. He said he knows of no other secretary of labor who has acted in a similar manner.

It is expected that the White House will use the information he provides as a basis for deciding whether to invoke the national emergency provisions of the Taft-Hartley Act.

Under Taft-Hartley, the federal government could issue an 80-day antistrike injunction if necessary. But it was felt this would accomplish little at this time.

Both sides appear to be dug in for a long struggle. Eisenhower reportedly feels that the 80-day cooling-off period would not change their positions although he has not ruled out the possibility of invoking Taft-Hartley.

The United Steelworkers Union strike has idled a half million workers in basic steel and shut down nearly 90 per cent of the nation's steel production. Another 45,500 workers in such allied fields as coal, railroads and trucking also have been idled as a result of the strike.

Vital defense projects, however, have been assured of enough steel to last until September, federal officials reported Tuesday.

The union seeks a 15-cent-hourly annual package increase, claiming that the industry can afford it without raising the price of steel. The industry has refused, claiming that any increase in labor cost would force a price increase, and thus contribute to inflation. Prestrike steel wages averaged $3.10 an hour.

The fact-finding will not interrupt the mediation that has been going on here in an effort to settle the strike. Federal mediators meet again with both sides today.

Union President David J. McDonald said "the United Steelworkers of America will cooperate with Secretary of Labor Mitchell in his exploration of all the circumstances surrounding the present steel dispute."

R. Conrad Cooper, chief industry negotiator and U.S. Steel executive vice president, said "We have accepted the President's request to use the Federal Mediation and Conciliation Service in our collective bargaining efforts. We, of course, will supply the Secretary of Labor with such information as may be relevant."

Mitchell announced his move Tuesday in Washington.

His action differs in several respects from the usual fact-finding procedures. He made these points:

1. That he is acting under laws which empower the labor secretary to investigate labor disputes which might interfere with the public welfare. Uusually the President appoints a fact-finding group.

2. Negotiation and mediation will continue during the fact-finding procedure. Usually talks stop while both sides inform the fact-finding board.

3. No recommendations for a settlement will be made publicly.

4. No public hearings will be held.

Mitchell said the strike looked as if it might be a long one.

He said he will make periodic reports to the President, which would allow an appraisal of what actions might be taken.

He declined to speculate about possible government moves, but said that a public report by the President might be one of them.

The union has repeatedly demanded fact-finding, while the industry has been considered opposed to it.

Gromyko's Answer To West Waited

Talk On Price For Berlin Truce Could Decide Parley Fate

GENEVA (AP)—Andrei Gromyko is expected to give the Soviet answer today to the Western demand that he cut his price for a truce over Berlin. His speech could decide the fate of the Big Four conference.

Some Communist informants hinted that the Soviet foreign minister might back down slightly from his insistence that the West grant Communist East Germany equality with West Germany by creating an all-German committee to negotiate on unification.

Top Western officials said they had no indication that any Soviet concession was in the making. In a 90-minute secret talk Tuesday with the three Western foreign foreign ministers, Gromyko refused to budge from the Soviet insistence on giving the East German equal status with the West-Germans.

U.S. Secretary of State Christian A. Herter, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville pressed Gromyko repeatedly to discuss the Western counterproposal for a continuing Big Four conference on unification with East and West Germans sitting in as advisers.

They also tried to find out whether Gromyko would be willing to put his own committee proposal aside and give first priority to a Big Four deal to remove the Communist threat to West Berlin.

Western diplomats said Gromyko dodged and avoided direct answers, saying, "You know my position." Lloyd reportedly denounced Gromyko's tactics in a brief angry clash.

All three Western ministers told Gromyko they intend to break off the conference soon unless they begin to make progress toward an agreement. Herter had given him a similar warning on Monday.

One Of 10 In GOP Ike Considers Set For Advancement

WASHINGTON (AP)—His designation as a steel strike factfinder puts Secretary of Labor James P. Mitchell in the limelight for a possible 1960 vice presidential nomination bid.

Mitchell is obviously one of 10 Republicans President Eisenhower considers well qualified for future advancement in party affairs — even for the presidency itself.

Of the 10, Eisenhower has named only Vice President Richard M. Nixon and New York Gov. Nelson A. Rockefeller. He also has said that he will not choose between them if they contest for the presidential nomination next year.

While the President is keeping to himself the other eight names on his list, he is known to look with a pleased political eye on Mitchell.

The labor secretary outlined his one-man fact-finding role Tuesday and told questioning newsmen that his reports to Eisenhower could form the basis for any decisions Eisenhower might make to act.

All 7 Killed As Air Force Plane Crashes

ANDOVER, N.H. (AP)—An Air Force plane crashed in flames and all seven crewmen perished early today.

Officers at Pease Air Force Base from which the plane was flying on a routine training mission said all seven bodies were recovered.

The Air Force listed the victims as:

Capt. James H. White, Cambridge, Mass., 1st Lt. Harold C. High, Duluth, Minn.; 1st Lt. Dean H. Holzworth, Worland, Wyo.; Sgt. Marion C. Ackerman, Vevay, Ind.; A.3C. Phillips K. Daret, Norman, Okla.; T.Sgt. Owen Q. Combs, Bloomfield, Ind., and T. Sgt. Jake Schmidt, Riverton, Wyo.

The craft was identified as a KC97 propeller-driven tanker plane.

The crewmen of a companion plane flying a mile to the rear and a state trooper on the ground said they saw the plane plummet in flames through an overcast.

The plane struck down near a saw mill on the farm of Bud Keyser about a mile and a half south of the village of Andover in south-central New Hampshire.

State trooper Joseph Humphrey said he was checking cottages just before 2 a.m. about three miles away when he saw the burning plane come down through an overcast.

He rushed to the scene but found all personnel aboard dead.

Drivers Cited In 2 Collisions

Dresden Ave. Crash Damages 3 Autos

Two drivers were cited by police as the aftermath of collisions Tuesday afternoon and night on Dresden Ave. and a Thompson Park road near the municipal swimming pool.

Phyllis G. Doughty, 20, of R. D. 2 was charged with failure to stop in the assured clear distance after a collision at 1:19 p. m. on Dresden Ave. that damaged her car and two others. Police said the woman's car hit the rear of a halted auto operated by Raymond A. Virden, 58, of R. D. 1 and drove it forward into the back end of another car driven by Richard M. Titus, 36, of Sub-station, which also was halted. Virden was examined at City Hospital for possible head and neck injuries, but later was released.

The woman forfeited a $16 bond today in Municipal Court.

As the result of the Thompson Park mishap at 8:12 last night, John E. Wooten, 32, of 5th Ave., LaCroft, was charged with failure to yield the right-of-way. Police said his northbound 1953 sedan was involved in a collision with a southbound 1949 car operated by Clifford F. Goodballet, 16, of 1869 Lisbon St.

Wooten told police he halted when he saw Goodballet's car approaching. Goodballet told officers Wooten pulled into his traffic lane. He said he pulled to the right,

Miss USA To Be Chosen From 15 Beauties Tonight

LONG BEACH, Calif. (AP) — A simple adding machine tabulates smiles or tears tonight for 15 American beauties in Miss USA finals of the Miss Universe pageant.

Tonight's winner mixes with 33 foreign lovelies Thursday in the international beauty contest. Fairest of the fair will be selected Miss Universe on Friday.

The 46 American contestants Tuesday night were pared to this select 15:

Miss Alabama, Pat Sullivan; Miss Arkansas, Donna Sue Needham; Miss California, Terry Lynn Huntingdon; Miss Colorado, Diane Lee Gardner; Miss Florida, Nanita Greene; Miss Georgia, Dorothy Gladys Taylor; Miss Iowa, Kay Nielson; Miss Louisiana, Mary Margaret La Bianco.

Miss Maine, Carolyn Komant; Miss Maryland, Diane White; Miss Missouri, Barbara Stell; Miss Nevada, Joy Blaine; Miss New York, Arlene Nesbitt; Miss Texas, Carelgean Douglas, and Miss West Virginia, Wilda Sue Estep.

Stern-faced judges and a crowd of 3,500 in Memorial Auditorium watched while the girls paraded in evening dresses and bathing suits. Then the girls nervously sat backstage while an adding machine decided the winners from judges tally sheets.

Announcement of the winners' names brought applause from the crowd, smiles from the victors, and tears from some of the losers —who had come from as far away as Alaska and Vermont.

Miss Korea, Kyun Choo Oh, received a warm round of applause when she returned to her hotel. She was voted Miss Personality in the beauty pageant. Miss England, Pamela Anne Searle, was voted most photogentic by the press photographers.

96th Anniversary Event

Caravan Of 200 To Tour Gen. Morgan's Raid Route

As many as 200 may follow the approximate route of Gen. John Morgan's Confederate raiders through Jefferson, Carroll and Columbiana Counties Sunday in marking the 96th anniversary of the famed Civil War adventure.

The public tour, sponsored by the Columbiana County Historical Association, will start at Bergholz at 1:30, and will end at the marker on Route 518 near West Point where Gen. Morgan and the remnants of his cavalry force surrendered to Union troops July 26, 1863.

Col. Warfield Dorsey of Mount Vernon, representing the national Civil War Centennial Commission, is scheduled to attend along with John Cullen, chairman of Cleveland's Civil War Round - Table, some members of the Louisville (Ky.) historical club and many other historians.

A sound truck will accompany the caravan of cars and buses, and the account of the Confederate raid from Kentucky into Indiana and Ohio will be related.

Members of the Wellsville Historical Society and others from Wellsville will meet at the River Museum at 12:30. East Liverpool, Lisbon, Salem, Columbiana and East Palestine groups will go directly to Bergholz. The Columbiana delegation will travel in a bus.

Various souvenirs of the raid are to be on display at the roadside park on the Gavers-West Point Rd. where Gen. Morgan's bold dash ended—the most northernly advance of the army of the Confederacy.

Morgan and some 2,500 horsemen moved out of Tennessee into Union-held Kentucky late in June 1863, and reached the Ohio July 8 after some skirmishes. Crossing into Indiana, the swiftly moving

Salem Files Bond Issue To Build Storm Sewers

Salem City Council today certified a resolution to the County Election Board asking a vote at the Nov. 3 general election on a $350,000 bond issue to finance a citywide storm sewer project.

The resolution carries an estimate from County Auditor Kenneth Bell that a levy of fifty-five hundredths of a mill would be required to retire the issue, plus interest, over a 25-year period. The resolution was enacted Friday as emergency legislation.

Meanwhile, Ray Laughlin filed with the Election Board as a candidate for Wayne Township clerk in the Nov. 3 election.

What Does The Future Hold?

The Geneva conference of foreign ministers is a study in frustration for the West.

Up to this moment, all the compromising and all the retreating have been done by the United States, Britain and France.

Russia has held adamantly to its position. Even the West's compromise proposals have been flatly rejected.

Whenever the Soviet seems to be conciliatory, it is only backing up for a new offensive that will be even more unreasonable than those which preceded it.

Its purpose is to evade, to confuse, to divide. If it is in accord on principle, it disagrees on procedure, as in the case of the West's recent proposal for a freeze on the Berlin issue.

THERE IS NO HOPE of a settlement except on Russia's terms.

Looking beyond the immediate crisis over Berlin, the basic goal of the West is a united Germany. Unification, it is felt, will not only unravel the Berlin snarl but will eliminate the source of most of Europe's current problems.

But Russia will not consent to unification of Germany on any formula short of neutralization at best and control by Communism at worst.

Germany represents the balance of power in Europe. Both sides know this well and neither is willing to yield it as a pawn to so-called peaceful rapprochement.

Without Germany or even with a neutralized Germany, Europe is lost to the West. That is the big issue. The West cannot afford the tragedy of such a loss and Russia will not settle for anything less than it now holds, which is precisely where we came in.

WHAT, THEN, does the future hold?

More talks, more negotiations?

Perhaps—but no permanent settlement.

Will the situation deteriorate to a clash of arms?

Perhaps—but the odds are against it because neither side can win and thus gain the advantage which it is hoping to achieve by negotiation.

The outlook, unfortunately, is for more tension—years more of cold war that at times will heat up to the point of hot war.

This is the prospect we can look forward to unless trouble from the inside necessitates Russian concessions and forces relaxation of the Soviet now holds on vast expanses of Eastern Europe.

Next Act In The Cold War?

Anything can happen in the Middle East, where Soviet Russia has been alternately turning the heat on and off for nearly a decade.

Like the pea under the shell in the old-time carnival game, now you see the Communists, now you don't.

The West was worried a year ago when Iraq, which had been friendly to the United States and its allies, changed leaders in a military coup. There was fear that Abdel Karim Kassem, who took over as premier, might turn to the Communists. There was some indication that he would do just that.

Now, however, on the first anniversary of Kassem's ascendancy to power, there are reports of a pro-Red revolt in Iraq's northern oil fields. Kassem announced loyalists in his army have suppressed the revolt, but the finality of the suppression is not yet sure.

The West will be watching to see what happens. Iraq is rich with oil which the Russians would like to control for two chief reasons: (1) to have the oil for themselves and (2) to keep it away from Western Europe.

Oil would not necessarily be the only motive for a new stirring up in the Middle East, however. Iraq could be the scene of the next act in the Russians' play for world domination—a play whose script calls for things to be constantly stirred up.

First there was the Berlin blockade which the Allies solved a decade ago by the Berlin Airlift. There was turmoil in the Far East, then over Formosa, then in Egypt, then in Iraq, then in Berlin again.

It could be entirely possible that the activity in Iraq has been plotted to detract attention from Berlin, which has had most of the attention in the cold war for the last six months.

You never can count on it, but it could be.

Self-Confidence In West Berlin

Instead of stewing and steaming over the hot stove of international diplomacy, the Western world could take a page from the West Berliners' cook book.

The West Berlin "cooks," long aware of their precarious position and their experience in the iron rations of the blockade of 10 years ago, have undertaken impressive preparations to meet any future food crisis.

Enough food in the form of huge stockpiles has been laid aside to feed the entire 2½-million population, on the average basic calorie rate, for at least nine months. It is estimated that this could be extended to one year, on an emergency basis. To date the cost has exceeded 600 million dollars, in both the frozen and the many new forms of dehydrated products.

Since 1949 the water supply system has been developed to the point where ample drinking, cooking and washing water would be available. The city is independent today in the production of gas and electricity. There are sufficient quantities of oil available to last two years.

Medical and health preparations have not been overlooked. Ration books are ready. Even industry has been checked to assure production almost unhindered.

The Russians of course are fully aware of these enormous preparations and would hardly risk arousing world resistance with a campaign of starvation. Even if they should, the confidence of the people of Berlin in their future is a heartening factor in the present tense situation. If the citizens of the Western world had equal confidence and foresight, there would be less need for tranquilizers.

Bridge Work

Residents of South Beaver County are putting up quite a battle to get an Ohio River bridge at Shippingport—and from all indications they have just begun to fight.

There is no question of their solidarity and of their intense feeling and desire after Monday night's mass meeting at the Shippingport Community Building when petitions bearing more than 2,000 names were turned in.

Selection of a bridge site calls for the most deliberate and serious thought. The South Beaver County folks should be given every consideration before any final decision is made one way or the other.

The Once Over

By H. I. Phillips

Vice President Nixon is visiting Russia in the Exchange of Smiles Program. This carries out the belief a cold diplomatic front can be killed by a warm dental front.

Slogan in Russia - American relationships is "Have smile; will travel."

Nixon has youth, stamina, fortitude, political savvy and battle stars for performances on diplomatic missions. He survived encounters with South America and Harry Truman.

American leaders in Moscow are no novelty. Only a few days ago it had Averell Harriman who looked into the enigma and returned with all the conclusions possible to reach through hurried luncheons.

"The Man Who Came To Dinner" has been replaced diplomatically by the men who swap views in coffee breaks and form opinions during the photography.

On United States trip Kozlov wore a cowboy hat and rode a bronco. Nixon may have to put on a Russian fur hat and drive a droshky while playing the balalaika. He is a cool diplomat and will not do anything imprudent unless he discovers an oil portrait of Earl Warren in the American art exhibit.

Unofficial program:

1. Gets welcome parade through thousands of Russians asking, "Who dat?" and who express surprise when told it is not just another congressman.

2. Khrushchev makes speech saying, "Russia is always happy to welcome a great American piano player." He will be only temporarily embarrassed when told Dick is not a concert musician.

3. Nixon, following pattern of Russian visitors to his country, will ask to see a supermarket. It will be explained that Russian marketing has not yet reached the stage where a customer can go in for lamb chops and come out with garden tools, rose bushes and shaving creams.

4. He will rush mysterious message to Washington market "Important." The secrecy will anger U.S.S.R. Friction will be averted by discovery it was simple query, "Who's ahead in American League?"

BOTH SIDES in steel strike seem to be determined to show they are men of iron. David McDonald looks more like an industrialist than most industrialists.

Connecticut police head orders all fat state cops to diet. They've got to be in the pink before he gives them the green light.

World's costliest restaurant (4½ million dollars) is being built in New York. Our ambition is to go in, get a good table and say, "Just a cheeseburger and a small beer."

The coffee break is one issue in steel strikes. This routine, unheard of on the job a few years back, has now become an institution. Man who left job to get a cup of coffee used to get heave-ho but mocha and java now walk hand-in-hand with employer-boss relations.

Like Frankie Sinatra or not for off-stage routines, his new picture "A Hole in the Head" again shows him to have developed into perhaps top movie actor of all time, from a start in the amusement world as a skinny crooner in Jersey taverns. He got fame as a singer and when his appeal waned, he decided to take a fling in movies. Few thought he had personality, talent or background for it but his skill before camera is terrific and his versatility seldom equaled.

A New Branch Office?

Africa Holds Destiny Of West

By Victor Riesel

JOHANNESBURG, South Africa

Behind me are huge pyramid-like mounds of gold dust silt. Deep beneath me, 12,000 feet down, is the world's greatest gold supply.

Victor Riesel

Before me, warm and friendly, are feather-bedecked almost nude jungle lads, whooping, beating drums, bird calling, shouting in the shrillness of tropical forest kraals, eager to be friendly, shuffling their feet in primeval rhythm, moving their bodies in orgiastic dances.

These are the gold miners — some Zulus, some Basuto, some Swazi, some from the Congo tropics and Portuguese East Africa. All are part of the 300,000 miners who rip the gold out of the earth, sometimes in steaming water underfoot, sometimes in sudden freezing cold.

ON THIS SPOT, and thousands like it along the "reef" of endless gold running east to west across the bottom of Africa, you back there on Broadway and Wilshire Blvd. and on all the main drags in between are having your future told. Yep, right here by jungle kids dancing for a white stranger in the hot Sunday sun.

These jungle youths who come in to work in the pits for nine months to more than a year to earn enough to buy a blanket, a bicycle, and who go back home with enough left to purchase a wife or two, are the voters who will control this continent — maybe not tomorrow but soon enough. Lose them as friends and we lose Main St., U.S.A.

I'll show you how fast tomorrow is coming. Only a few hours after the jungle "kids" sprang off an open parked truck to dance — not to beg — for this stranger, I sat in a theater and watched their organized cousins — those who had "detribalized" themselves or were the children of detribalized parents — put on a sick musical comedy.

These performers, Zulus, Swahilis, Basutos, all from the bush people, were real hep. They have gone Western. They danced and sang and laid down lines in their cornets moaned low in the hit show, "King Kong."

THEY ARE PART of three million, city - fed detribalized "natives." In the Union of South Africa alone.

They'll be six million strong city folk in 20 years. They won't just be a multi-million majority in jungle villages. They will be city people, with washing machines, autos, cinemas and refrigerators. The detribalized natives alone in the 12 major cities will outnumber the whites 2-1, not counting the 30 tribes in the outer veldt.

They will need training, education and respect for responsibility. It won't be easy, for even in the big "townships" there is aboriginal witchcraft. There is evidence of this at the huge modern Baragwanath Hospital where physicials told me that the natives arrive with skins scratched to let the evil spirits out and whose blood shows signs of diabetes because of unknown herbs and potions fed them by witch doctors.

Yet these native workers are part of the 220 million others, speaking over 700 major languages, stirring from here to the Sahara. They feed the lifelines of much of U.S. industry and armament production and our economy itself.

Through these lifelines flow vital gold to bolster our paper money, uranium for our bomb plants, manganese and other metals for such corporations as Bethlehem Steel and Kennecott Copper, just to mention a few.

THE NATIVE workers not only mine the metals so precious to our sheer existence, they help process them, then haul them and load them aboard ships in key ports.

Longshoremen are longshoremen, though here they are mainly Zulus. They dockwallop the piers at Durban on the Indian Ocean some hundreds of miles east of here. They have no unions but they have struck — in passive resistance. Then nothing moves out of Durban or it could happen in Capetown down below or in the Atlantic Port of Walvis Bay, Southwest Africa, from which uranium is shipped to us.

Training the Bantus, dealing with their leaders and keeping them friends and allies of the West, are not glibly solved problems. Nor have we time to spare. The Soviet Union is seeing to that.

We have more than a continent to lose. Corny as it sounds, civilization stands here with me at these dusty crossroads.

One-Man Fact-Finder

By James Marlow

WASHINGTON

The Eisenhower administration — now that Secretary of Labor James P. Mitchell has become a one-man fact-finder—is directly involved in the steel dispute.

The administration seems still undecided whether it will get in deeper by making public the facts Mitchell finds. This is the latest development in one of the strangest series of events in American labor history.

Just a few hours before Mitchell stepped into the picture he was reluctant—and this is said on excellent authority — to make any move the steel industry or the steel union could consider government intervention.

President Eisenhower, anxious to have the two sides settle the dispute through free collective bargaining, repeatedly has said he wanted to avoid anything which looked like government interference or pressure.

But his repeated warning to both sides to avoid an inflationary settlement—meaning one which resulted in an increase in steel prices—was in itself pressure and therefore intervention.

The industry rejected the union's wage demands on the ground that this added cost would compel the industry to raise prices, thus setting off an inflationary spiral. So the strike began last Wednesday.

At his June 17 news conference —when Eisenhower was asked if the government could bring out impartial figures on profits and wages so the people could understand the issues—Eisenhower said this was the most intelligent suggestion he had heard on the subject and he would have it studied. In the end he decided against pulling the figures together for the public to see.

At his July 15 news conference he not only dismissed the idea of setting up a fact - finding board but said: "I believe all the facts are pretty well known."

He said all the facts were contained in various government reports and statistics "so the facts are there and the public knows them, if they want to take the trouble to read them."

But the trouble was the public didn't know all the facts because they are scattered throughout the government and not brought together for comparison. Therefore the public isn't in a position to read them.

As it turned out, Eisenhower apparently didn't know all the facts, either, for otherwise Mitchell would hardly have thought it necessary to announce he would become a one-man fact-finder.

When he makes his investigation he will report to the President and after that, he said, it will be decided whether to make his findings public.

Mitchell is known to have expressed doubt that the collection of facts, as suggested by a reporter June 17, could be made public without certain segments of the figures being used to prove one side over the other in the steel case.

He also believed that any government action short of a genuine emergency would badly damage the process of free, collective bargaining.

How is Mitchell going about gathering his facts? "From the seat of my pants," he said. He will have various government agencies give him their facts, and he will go anywhere necessary to find others, he said.

The administration has been under growing pressure, particularly in Congress, to do something. Mitchell's assumption of the one-man fact-finding role is apparently a compromise between two other steps that could be taken.

The President—if he considered the strike an emergency — could set up a fact-finding board under the Taft-Hartley Act and force postponement of the strike for 80 days. But, since he sees no emergency now, this kind of board is out.

Or Eisenhower could do what President Truman did in the 1949 steel dispute: not use T-H but set up a fact-finding board anyway. That board made recommendations which neither side had to accept but which both did accept generally in the end.

What has seemed obvious from the beginning in this case is an administration uncertainty on how to stay out but still get a settlement satisfactory to Eisenhower.

TWENTY YEARS AGO — Mrs. George F. Brewer defeated Mrs. R. T. Hall, 3 and 2, to take the title in the Women's July Cup tournament at the Country Club.

Bids for the proposed addition to the Garfield Elementary School and for a new school bus were received by the Board of Education.

"Freedom of the Press" was discussed by C. V. Hughes, business manager of The Review, during a Rotary meeting at Travelers Hotel.

TEN YEARS AGO — Mrs. Helen McKinnon was initiated as a new member of Women of the Moose Chapter 642.

Scandinavian Spunk

By David Lawrence

Khrushchev Fails In Intimidation Move

Nikita Khrushchev has failed in his attempt to secure control of the Scandinavian countries for Communist imperialism. He cancelled his carefully planned visit there when he learned that threats were not succeeding and that he couldn't intimidate Norway, Sweden or Denmark. He tried to get them to agree to close the Baltic Sea to warships of the West and to bar all atomic weapons and missiles. He demanded that Norway and Denmark get out of the North Atlantic Treaty Organization.

David Lawrence

A letter to this correspondent a few days ago from a well-informed Swedish writer in Stockholm says:

"Khrushchev's invitation to come here after a hint about it a year ago has split the politicians into two groups in the three countries. As the Social-Democrats, with the help of the Communists, have a one-vote majority in the Swedish Parliament, the invitation was approved.

"The leader of the People's party and the 'Rightists' have declined the invitation to attend the banquet for the Russian visitors. Protest meetings have been held already and many more groups will be heard from. Dr. Bela Fabian (of Hungary) is here to let the Russians know that 1956 isn't forgotten.

"The pressure has been on to make the Baltic a rocket and nuclear-free zone. The East Germans have their propaganda in full swing with the object of having all nations facing the Baltic make it a 'free sea of peace.' Of course, the only nation which is in possession of nuclear weapons around the Baltic is Russia and it is not likely that the Soviet Union intends to discard their installations around the Baltic, or anywhere else for that matter. In the meantime, they don't want anyone else to have any.

"What they want is to close the Baltic to every nation except those with a shore line. The result of such a move would be to make the Baltic Sea under the sole control of Russia.

"They started the 12-mile limit without asking anyone. It was not a matter of fishing rights, as in the case of Iceland. It is because they don't want anyone to see their installations. That is why they shot down an American and also a Swedish plane over international waters.

"When the Swedes asked the Russians to help them search for their missing flyers, they chased the Swedes away.

"Another object of the visit to Scandinavian countries is to put the pressure on Norway and Denmark to get out of NATO. That would be the end of their freedom and would later put the pressure on neutral Sweden."

THE MOSCOW government's note "postponing" the Khrushchev visit to sometime later, "perhaps in a year," complains that, "according to reports in the Swedish press," there have been preparations for "anti-Soviet demonstrations and meetings."

The note points to "the unfriendly attitude taken by the Scandinavian press" and by some parliamentary leaders toward the proposed Khrushchev tour and charges that large-circulation newspapers had been "permitted to make insulting attacks on the Soviet Union and the Soviet Premier personally."

To all this, the Premiers of Sweden and Denmark now have replied by reminding the Soviet leader that the press is free in their countries to criticize him or anyone else.

The Swedish Premier said the Swedish people regard freedom of press and opinion as "unforfeitable."

AN EDITORIAL recently in "Dagens Nyheter," one of the leading newspapers in Stockholm, pointed specificially to Khrushchev's speech in Riga, Latvia, last month, in which he demanded that the Baltic be closed to Western war vessels, that atomic weapons be barred from Scandinavian countries and that Norway and Denmark get out of NATO. The editorial said:

"We hope that the Scandinavian governments' duty as hosts will not prevent them from making it clear to Khrushchev that any interference in Scandinavian politics is unacceptable and that they are unconcerned about any camouflaged threats.

"Khrushchev's speech was delivered in Latvia, one of the Baltic states which Russia put under its rule during World War II.

"It brings to mind that the Russian leaders, before both wars, time after time turned to the Baltic same reasoning that now is being brought to bear against Scandinavia.

"Russia demanded involuntary neutrality, interpreted any rearmament as a threat of aggression, and explained, exactly as Khrushchev is doing now, that 'it is an absurdity to believe that the Soviet Union has any aggressive plans against these lands.'

"These were the very methods used in preparation for occupations and suppressions. . . .

"So far as Sweden is concerned, Khrushchev's speech should be a new reminder of our need for tactical atomic weapons. True, there are groups in our land who believe that a defenseless Sweden would be a security against Russian aggression. If these beliefs become dominant, the risk will become increasingly greater that one day we will meet the same fate as the oppressed and downtrodden Baltic peoples."

THE CONQUEST of Scandinavia is a military objective of Nikita Khrushchev and, as usual, he hopes to accomplish his purpose by "peaceful infiltration." But he has struck a snag in the freedom-loving people of Norway, Sweden and Denmark who have become so aroused that the Soviet Premier thought it best to call off his trip. This is a victory for the free world.

"Push button weather" will, at best, cost billions.

This is the conclusion of Dr. Archie M. Kehan, director of Texas A&M Research Foundation and one of the country's foremost meteorologists. He has had long experience both with the Weather Bureau and the Air Force.

While there have been a few moderately successful developments regarding weather control, he says in a report just published by Stanford Research Institute, the methods developed usually have cost more than they are worth. Further research with any hope of practical results threatens to run into enormous sums.

"Many interesting proposals for weather modification on a grand scale have been made," Dr. Kehan says. Some of them are of warm ocean currents, towing of large ice floes northward from Antarctica, changes in atmospheric circulation produced by modifying the radiation balance of the atmosphere and control of major storms.

These are possibilities for the future but between the possibility and feasibility lies the investment of vast sums and with no guarantee of success.

NOTABLE WORK now is being done by cloud physics groups all over the country, especially at the Universities of Chicago and Arizona. They are investigating such almost unknown fields as cloud electrification and moisture distributions in the atmosphere.

But, Dr. Kehan warns: "The sum of all such efforts is woefully small and support is far more difficult to come by than it should be. In an age when billions of dollars are available for developing means of getting beyond our atmosphere it is difficult to get thousands to study the atmosphere in which we live."

All approaches now depend basically, Dr. Kehan says, on putting a little extra energy into the atmosphere at the right time and place. Sometimes this works when conditions are just right but more often it doesn't.

IN THE ORDINARY state of the atmosphere, he stresses, amounts of energy that stagger the imagination are sometimes required to produce much change.

"A little simple arithmetic illustrates this," he said. "When water vapor condenses to liquid water something like 450 calories of heat energy are liberated by each gram of liquid water formed. The actual amount depends upon the temperature at which the condensation occurs.

"A sampling of a moderate summer thunderstorm would show about a half gram of liquid water per cubic meter or cloud. Therefore, some 270 calories were liberated as each cubic meter of cloud was formed.

"If our thunderstorm cloud is not a real major leaguer, we should be able to contain it in a cube of one trillion cubic meters, so something like 270 trillion calories were liberated when our cloud was formed. This amounts to 314 billion kilowatt hours of electricity which, at a cent for a kilowatt hour, would cost $3,140,000.

"So we can appreciate how optimistic man must be when he sets out to supply additional energy to the atmosphere." This, he indicates, would be the cost of producing a relatively small thunderstorm.

What Does The Future Hold?

The Geneva conference of foreign ministers is a study in frustration for the West.

Up to this moment, all the compromising and all the retreating have been done by the United States, Britain and France.

Russia has held adamantly to its position. Even the West's compromise proposals have been flatly rejected.

Whenever the Soviet seems to be conciliatory, it is only backing up for a new offensive that will be even more unreasonable than those which preceded it.

Its purpose is to evade, to confuse, to divide. If it is in accord on principle, it disagrees on procedure, as in the case of the West's recent proposal for a freeze on the Berlin issue.

THERE IS NO HOPE of a settlement except on Russia's terms.

Looking beyond the immediate crisis over Berlin, the basic goal of the West is a united Germany. Unification, it is felt, will not only unravel the Berlin snarl but will eliminate the source of most of Europe's current problems.

But Russia will not consent to unification of Germany on any formula short of neutralization at best and control by Communism at worst.

Germany represents the balance of power in Europe. Both sides know this well and neither is willing to yield it as a pawn to so-called peaceful rapprochement.

Without Germany or even with a neutralized Germany, Europe is lost to the West. That is the big issue. The West cannot afford the tragedy of such a loss and Russia will not settle for anything less than it now holds, which is precisely where we came in.

WHAT, THEN, does the future hold?

More talks, more negotiations?

Perhaps—but no permanent settlement.

Will the situation deteriorate to a clash of arms?

Perhaps—but the odds are against it because neither side can win and thus gain the advantage which it is hoping to achieve by negotiation.

The outlook, unfortunately, is for more tension—years more of cold war that at times will heat up to the point of hot war.

This is the prospect we can look forward to unless trouble from the inside necessitates Russian concessions and forces relaxation of the Soviet now holds on vast expanses of Eastern Europe.

Next Act In The Cold War?

Anything can happen in the Middle East, where Soviet Russia has been alternately turning the heat on and off for nearly a decade.

Like the pea under the shell in the old-time carnival game, now you see the Communists, now you don't.

The West was worried a year ago when Iraq, which had been friendly to the United States and its allies, changed leaders in a military coup. There was fear that Abdel Karim Kassem, who took over as premier, might turn to the Communists. There was some indication that he would do just that.

Now, however, on the first anniversary of Kassem's ascendancy to power, there are reports of a pro-Red revolt in Iraq's northern oil fields. Kassem announced loyalists in his army have suppressed the revolt, but the finality of the suppression is not yet sure.

The West will be watching to see what happens. Iraq is rich with oil which the Russians would like to control for two chief reasons: (1) to have the oil for themselves and (2) to keep it away from Western Europe.

Oil would not necessarily be the only motive for a new stirring up in the Middle East, however. Iraq could be the scene of the next act in the Russians' play for world domination—a play whose script calls for things to be constantly stirred up.

First there was the Berlin blockade which the Allies solved a decade ago by the Berlin Airlift. There was turmoil in the Far East, then over Formosa, then in Egypt, then in Iraq, then in Berlin again.

It could be entirely possible that the activity in Iraq has been plotted to detract attention from Berlin, which has had most of the attention in the cold war for the last six months.

You never can count on it, but it could be.

Self-Confidence In West Berlin

Instead of stewing and steaming over the hot stove of international diplomacy, the Western world could take a page from the West Berliners' cook book.

The West Berlin "cooks," long aware of their precarious position and their experience in the iron rations of the blockade of 10 years ago, have undertaken impressive preparations to meet any future food crisis.

Enough food in the form of huge stockpiles has been laid aside to feed the entire 2½-million population, on the average basic calorie rate, for at least nine months. It is estimated that this could be extended to one year, on an emergency basis. To date the cost has exceeded 600 million dollars, in both the frozen and the many new forms of dehydrated products.

Since 1949 the water supply system has been developed to the point where ample drinking, cooking and washing water would be available. The city is independent today in the production of gas and electricity. There are sufficient quantities of oil available to last two years.

Medical and health preparations have not been overlooked. Ration books are ready. Even industry has been checked to assure production almost unhindered.

The Russians of course are fully aware of these enormous preparations and would hardly risk arousing world resistance with a campaign of starvation. Even if they should, the confidence of the people of Berlin in their future is a heartening factor in the present tense situation. If the citizens of the Western world had equal confidence and foresight, there would be less need for tranquilizers.

Bridge Work

Residents of South Beaver County are putting up quite a battle to get an Ohio River bridge at Shippingport—and from all indications they have just begun to fight.

There is no question of their solidarity and of their intense feeling and desire after Monday night's mass meeting at the Shippingport Community Building when petitions bearing more than 2,000 names were turned in.

Selection of a bridge site calls for the most deliberate and serious thought. The South Beaver County folks should be given every consideration before any final decision is made one way or the other.

Vice President Nixon is visiting Russia in the Exchange of Smiles Program. This carries out the belief a cold diplomatic front can be killed by a warm dental front.

Slogan in Russia - American relationships is "Have smile; will travel."

Nixon has youth, stamina, fortitude, political savvy and battle stars for performances on diplomatic missions. He survived encounters with South America and Harry Truman.

American leaders in Moscow are no novelty. Only a few days ago it had Averell Harriman who looked into the enigma and returned with all the conclusions possible to reach through hurried luncheons.

"The Man Who Came To Dinner" has been replaced diplomatically by the men who swap views in coffee breaks and form opinions during the photography.

On United States trip Kozlov wore a cowboy hat and rode a bronco. Nixon may have to put on a Russian fur hat and drive a droshky while playing the balalaika. He is a cool diplomat and will not do anything imprudent unless he discovers an oil portrait of Earl Warren in the American art exhibit.

Unofficial program:

1. Gets welcome parade through thousands of Russians asking, "Who dat?" and who express surprise when told it is not just another congressman.

2. Khrushchev makes speech saying, "Russia is always happy to welcome a great American piano player." He will be only temporarily embarrassed when told Dick is not a concert musician.

3. Nixon, following pattern of Russian visitors to his country, will ask to see a supermarket. It will be explained that Russian marketing has not yet reached the stage where a customer can go in for lamb chops and come out with garden tools, rose bushes and shaving creams.

4. He will rush mysterious message to Washington market "Important." The secrecy will anger U.S.S.R. Friction will be averted by discovery it was simple query, "Who's ahead in American League?"

BOTH SIDES in steel strike seem to be determined to show they are men of iron. David McDonald looks more like an industrialist than most industrialists.

Connecticut police head orders all fat state cops to diet. They've got to be in the pink before he gives them the green light.

World's costliest restaurant (4½ million dollars) is being built in New York. Our ambition is to go in, get a good table and say, "Just a cheeseburger and a small beer."

The coffee break is one issue in steel strikes. This routine, unheard of on the job a few years back, has now become an institution. Man who left job to get a cup of coffee used to get heave-ho but mocha and java now walk hand-in-hand with employer-boss relations.

Like Frankie Sinatra or not for off-stage routines, his new picture "A Hole in the Head" again shows him to have developed into perhaps top movie actor of all time, from a start in the amusement world as a skinny crooner in Jersey taverns. He got fame as a singer and when his appeal waned, he decided to take a fling in movies. Few thought he had personality, talent or background for it but his skill before camera is terrific and his versatility seldom equaled.

A New Branch Office?

Africa Holds Destiny Of West

By Victor Riesel

JOHANNESBURG, South Africa

Behind me are huge pyramid-like mounds of gold dust silt. Deep beneath me, 12,000 feet down, is the world's greatest gold supply.

Victor Riesel

Before me, warm and friendly, are feather-bedecked almost nude jungle lads, whooping, beating drums, bird calling, shouting in the shrillness of tropical forest kraals, eager to be friendly, shuffling their feet in primeval rhythm, moving their bodies in orgiastic dances.

These are the gold miners — some Zulus, some Basuto, some Swazi, some from the Congo tropics and Portuguese East Africa. All are part of the 300,000 miners who rip the gold out of the earth, sometimes in steaming water underfoot, sometimes in sudden freezing cold.

ON THIS SPOT, and thousands like it along the "reef" of endless gold running east to west across the bottom of Africa, you back there on Broadway and Wilshire Blvd. and on all the main drags in between are having your future told. Yep, right here by jungle kids dancing for a white stranger in the hot Sunday sun.

These jungle youths who come in to work in the pits for nine months to more than a year to earn enough to buy a blanket, a bicycle, and who go back home with enough left to purchase a wife or two, are the voters who will control this continent — maybe not tomorrow but soon enough. Lose them as friends and we lose Main St., U.S.A.

I'll show you how fast tomorrow is coming. Only a few hours after the jungle "kids" sprang off an open parked truck to dance — not to beg — for this stranger, I sat in a theater and watched their organized cousins — those who had "detribalized" themselves or were the children of detribalized parents — put on a sick musical comedy.

These performers, Zulus, Swahilis, Basutos, all from the bush people, were real hep. They have gone Western. They danced and sang and laid down lines in their cornets moaned low in the hit show, "King Kong."

THEY ARE PART of three million, city - fed detribalized "natives." In the Union of South Africa alone.

They'll be six million strong city folk in 20 years. They won't just be a multi-million majority in jungle villages. They will be city people, with washing machines, autos, cinemas and refrigerators. The detribalized natives alone in the 12 major cities will outnumber the whites 2-1, not counting the 30 tribes in the outer veldt.

They will need training, education and respect for responsibility. It won't be easy, for even in the big "townships" there is aboriginal witchcraft. There is evidence of this at the huge modern Baragwanath Hospital where physicials told me that the natives arrive with skins scratched to let the evil spirits out and whose blood shows signs of diabetes because of unknown herbs and potions fed them by witch doctors.

Yet these native workers are part of the 220 million others, speaking over 700 major languages, stirring from here to the Sahara. They feed the lifelines of much of U.S. industry and armament production and our economy itself.

Through these lifelines flow vital gold to bolster our paper money, uranium for our bomb plants, manganese and other metals for such corporations as Bethlehem Steel and Kennecott Copper, just to mention a few.

THE NATIVE workers not only mine the metals so precious to our sheer existence, they help process them, then haul them and load them aboard ships in key ports.

Longshoremen are longshoremen, though here they are mainly Zulus. They dockwallop the piers at Durban on the Indian Ocean some hundreds of miles east of here. They have no unions but they have struck — in passive resistance. Then nothing moves out of Durban or it could happen in Capetown down below or in the Atlantic Port of Walvis Bay, Southwest Africa, from which uranium is shipped to us.

Training the Bantus, dealing with their leaders and keeping them friends and allies of the West, are not glibly solved problems. Nor have we time to spare. The Soviet Union is seeing to that.

We have more than a continent to lose. Corny as it sounds, civilization stands here with me at these dusty crossroads.

One-Man Fact-Finder

By James Marlow

WASHINGTON

The Eisenhower administration — now that Secretary of Labor James P. Mitchell has become a one-man fact-finder—is directly involved in the steel dispute.

The administration seems still undecided whether it will get in deeper by making public the facts Mitchell finds. This is the latest development in one of the strangest series of events in American labor history.

Just a few hours before Mitchell stepped into the picture he was reluctant—and this is said on excellent authority — to make any move the steel industry or the steel union could consider government intervention.

President Eisenhower, anxious to have the two sides settle the dispute through free collective bargaining, repeatedly has said he wanted to avoid anything which looked like government interference or pressure.

But his repeated warning to both sides to avoid an inflationary settlement—meaning one which resulted in an increase in steel prices—was in itself pressure and therefore intervention.

The industry rejected the union's wage demands on the ground that this added cost would compel the industry to raise prices, thus setting off an inflationary spiral. So the strike began last Wednesday.

At his June 17 news conference —when Eisenhower was asked if the government could bring out impartial figures on profits and wages so the people could understand the issues—Eisenhower said this was the most intelligent suggestion he had heard on the subject and he would have it studied. In the end he decided against pulling the figures together for the public to see.

At his July 15 news conference he not only dismissed the idea of setting up a fact - finding board but said: "I believe all the facts are pretty well known."

He said all the facts were contained in various government reports and statistics "so the facts are there and the public knows them, if they want to take the trouble to read them."

But the trouble was the public didn't know all the facts because they are scattered throughout the government and not brought together for comparison. Therefore the public isn't in a position to read them.

As it turned out, Eisenhower apparently didn't know all the facts, either, for otherwise Mitchell would hardly have thought it necessary to announce he would become a one-man fact-finder.

When he makes his investigation he will report to the President and after that, he said, it will be decided whether to make his findings public.

Mitchell is known to have expressed doubt that the collection of facts, as suggested by a reporter June 17, could be made public without certain segments of the figures being used to prove one side over the other in the steel case.

He also believed that any government action short of a genuine emergency would badly damage the process of free, collective bargaining.

How is Mitchell going about gathering his facts? "From the seat of my pants," he said. He will have various government agencies give him their facts, and he will go anywhere necessary to find others, he said.

The administration has been under growing pressure, particularly in Congress, to do something. Mitchell's assumption of the one-man fact-finding role is apparently a compromise between two other steps that could be taken.

The President—if he considered the strike an emergency — could set up a fact-finding board under the Taft-Hartley Act and force postponement of the strike for 80 days. But, since he sees no emergency now, this kind of board is out.

Or Eisenhower could do what President Truman did in the 1949 steel dispute: not use T-H but set up a fact-finding board anyway. That board made recommendations which neither side had to accept but which both did accept generally in the end.

What has seemed obvious from the beginning in this case is an administration uncertainty on how to stay out but still get a settlement satisfactory to Eisenhower.

Scandinavian Spunk

Khrushchev Fails In Intimidation Move

Nikita Khrushchev has failed in his attempt to secure control of the Scandinavian countries for Communist imperialism. He cancelled his carefully planned visit there when he learned that threats were not succeeding and that he couldn't intimidate Norway, Sweden or Denmark. He tried to get them to agree to close the Baltic Sea to warships of the West and to bar all atomic weapons and missiles. He demanded that Norway and Denmark get out of the North Atlantic Treaty Organization.

David Lawrence

A letter to this correspondent a few days ago from a well-informed Swedish writer in Stockholm says:

"Khrushchev's invitation to come here after a hint about it a year ago has split the politicians into two groups in the three countries. As the Social-Democrats, with the help of the Communists, have a one-vote majority in the Swedish Parliament, the invitation was approved.

"The leader of the People's party and the 'Rightists' have declined the invitation to attend the banquet for the Russian visitors. Protest meetings have been held already and many more groups will be heard from. Dr. Bela Fabian (of Hungary) is here to let the Russians know that 1956 isn't forgotten.

"The pressure has been on to make the Baltic a rocket and nuclear-free zone. The East Germans have their propaganda in full swing with the object of having all nations facing the Baltic make it a 'free sea of peace.' Of course, the only nation which is in possession of nuclear weapons around the Baltic is Russia and it is not likely that the Soviet Union intends to discard their installations around the Baltic, or anywhere else for that matter. In the meantime, they don't want anyone else to have any.

"What they want is to close the Baltic to every nation except those with a shore line. The result of such a move would be to make the Baltic Sea under the sole control of Russia.

"They started the 12-mile limit without asking anyone. It was not a matter of fishing rights, as in the case of Iceland. It is because they don't want anyone to see their installations. That is why they shot down an American and also a Swedish plane over international waters.

"When the Swedes asked the Russians to help them search for their missing flyers, they chased the Swedes away.

"Another object of the visit to Scandinavian countries is to put the pressure on Norway and Denmark to get out of NATO. That would be the end of their freedom and would later put the pressure on neutral Sweden."

THE MOSCOW government's note "postponing" the Khrushchev visit to sometime later, "perhaps in a year," complains that, "according to reports in the Swedish press," there have been preparations for "anti-Soviet demonstrations and meetings."

The note points to "the unfriendly attitude taken by the Scandinavian press" and by some parliamentary leaders toward the proposed Khrushchev tour and charges that large-circulation newspapers had been "permitted to make insulting attacks on the Soviet Union and the Soviet Premier personally."

To all this, the Premiers of Sweden and Denmark now have replied by reminding the Soviet leader that the press is free in their countries to criticize him or anyone else.

The Swedish Premier said the Swedish people regard freedom of press and opinion as "unforfeitable."

AN EDITORIAL recently in "Dagens Nyheter," one of the leading newspapers in Stockholm, pointed specificially to Khrushchev's speech in Riga, Latvia, last month, in which he demanded that the Baltic be closed to Western war vessels, that atomic weapons be barred from Scandinavian countries and that Norway and Denmark get out of NATO. code. He added codes tend to cause construction costs to rise.

Councilman Robert Taggart cited a case where a man added a room to his home, which doesn't look good, but pointed out he has about five children and that was all he could afford.

Lewis asked "Are you helping those children by allowing them to live in a house where conditions endanger their health and lives?"

Various hypothetical cases were cited on both sides. One man spoke from the audience and said an inspector could not come into his house if not invited unless he has a warrant. He also said the code would prevent residents from doing their own work.

Lewis said the code does not hinder the "do-it-yourself" workman.

Knepper pointed out that most large cities have building codes but still have slum areas and conditions worse than in Wellsville. He presented each member of Council with a copy of a complete building code and electrical and plumbing supplements.

O'Hara also said he feels the code will increase building costs. He said as a rule inspectors on the state level are hard to get along with and the local men probably would be the same.

"The local inspector will be an unpopular man and yet he will receive only $25 a month. It will be hard to get a competent man for this price," O'Hara said. He also pointed out that the inspectors will receive $2 for inspections.

"If we are going to have the code, we should be more realistic about the fees," he continued. He also hit at the board of appeals to be created by the legislation. "Who is going to say that the men are qualified and who is going to judge how much a project will cost so as to set the fee for inspections?" he asked.

The state codes and present health laws are sufficient to govern building in Wellsville, he said. He also asked about enforcement of the code, stating that "if it suits the convenience of city officials to circumvent laws, they will do it."

O'Hara cited a case of a trailer court which was operated about two years ago at the lower end of town. It was not operated properly but city officials and health officials didn't say anything, he claimed.

Councilman Ancel Moore asked if residents will have anything to say as to whether they want a code or not.

Weis answered, "They will — Knepper will have a referendum!"

As O'Hara concluded, Knepper rose to speak again but Weis violently pounded with the gavel, remarking that "Knepper doesn't want a regular type city government."

Bush said industries look with favor on building codes. This is an added inducement for obtaining new industries. He said the fees may not be reasonable but they can be changed, remarking the city "has to start some place."

Howard Lucas of 10th St. said he has talked to persons residing in towns that have codes and they are not satisfied. One big objection is having to wait on an inspector before the person can continue with the work, he said.

Councilman Dominick Dash said he had received several phone calls but couldn't properly answer the questions asked of him.

Taggart suggested postponing action, remarking that all should wait until the fire chief, solicitor and others "know what they're doing."

Weis answered, "they know, it's Council that doesn't!"

Ministry Preparations Told By Pastor In Talk To Kiwanis

Preparation for the ministry was discussed by the Rev. Robert Backstrom of the Chester First United Presbyterian Church at a meeting of the Chester Kiwanis Club Tuesday night at the City Hall.

"Many men choose their business or profession by locality, salary or abilities—but the ministry is not a profession, it is a calling," Rev. Backstrom said.

"A man planning to be a minister must feel a calling to express himself and a calling from God."

The pastor said a student must have a bachelor degree from an accredited college or university to enter a seminary. Some of the pre-seminary subjects he recommended included philosophy, English, history, psychology or a foreign language.

Rev. Backstrom suggested a liberal arts course provides the broad scope of education needed for the ministry. He said most seminaries prefer the major portion of Bible and religious courses to be left for the seminary.

He said the seminary student must learn to read Greek and Hebrew, and displayed Greek and Hebrew testaments and dictionaries.

"We want to do something to help our finer young men to become clergymen, because there is a vast shortage of ministers today, and we are not able to fill the pulpits of new churches being built."

Alvin (Pete) Arner announced a family picnic will be held next Tuesday at Bennettville with a program of motor boating and water skiing. The club will furnish meat, rolls and soft drinks. Members will bring a coverdish and table service.

Wellsville Man Given 5 Years Probation

Ray Junior Hess of Kountz Ave., Wellsville, was placed on five years probation Tuesday by Common Pleas Judge Joel H. Sharp in the robbery of $500 from Clyde Finley of Chester on July 17, 1958. He pleaded guilty and requested probation.

Hess and William Drumm Jr., 29, of Chester R. D. 1 and Robert Higgans, 27, of East Liverpool R. D. 1 were indicted in January for the crime. Drumm was acquitted in a jury trial but Higgans was found guilty of pocket-picking and was sentenced to 1-5 years at the Ohio Penitentiary.

Two Calls Answered By Fire Departments

Two minor runs were made by the fire department Tuesday.

Firemen were called to the Ohio State Employment Service office at 142 Washington St. at 5:35 p. m. when a fluorescent light transformer shorted and started smoking.

The East End truck responded to a call at 9:48 p. m. that the Carr Grocery, 917 St. George St., was on fire. Flames from paper burning in a barrel gave the appearance that the rear of the building was burning, firemen said.

Two Men Injured When Cars Crash

Two men were injured and about $2,500 damage was reported in a two-car accident Tuesday at 9:20 a. m. on Route 22 in Hanover Township, about one mile west of Florence, Pa.

Berthold Rossnagel, 50, of Toledo and his passenger Robert Carvell, 37, of Lombard, Ill., were taken to Mercy Hospital in Pittsburgh, the Carnegie barracks of the Pennsylvania State Police said.

Spencer Seals of Burgettstown R. D. 2, driver of the other car, was unhurt. Police said Rossnagel was traveling west toward the Ohio state line when he ran into the rear of Seals' car.

No one was cited, police said.

Investigation Will Continue In Mummified Arm Find

NEW CUMBERLAND—A report from the FBI Crime Lab in Washington indicates the mysterious right arm found in an apartment house basement here last week is apparently that of a man.

How it came to be in the basement, nobody knows. Old timers recall that a doctor used to have quarters in the building at one time. He could have "planted" the right arm there.

The office of Sheriff Clayton Hobbs said, however, the investigation will continue.

The fact that the limb is now thought to be that of a man has quashed a lead Hancock County deputies have been working on. Investigation revealed that a woman was reported missing about six or seven years ago and never was reported found. It was thought that possibly the woman had been murdered and her body dissected and buried.

Sheriff deputies working on the case, Squire John D. Herron, acting coroner, and West Virginia State Police officers held a meeting Monday morning to discuss the new aspects of the case and decided to keep the investigation open. They are awaiting the results of the tests which will determine the race of the limb.

Chief Deputy Nick Palcic said the analysis was prepared by Dr. T. D. Stewart, curator of physical anthropology of the National Museum at Washington. The arm was mailed air express to the Federal Bureau of Investigation Wednesday.

Dr. Stewart's report suggested it was an amputated arm preserved chemically for a time and then buried. This would indicate it was a medical speciman without any criminal aspect.

Dr. Stewart said his examination could not determine the race of the person but that the arm was being sent to the Armed Forces Institute of Pathology at Washington for a histological examination of the skin in a further effort to establish the race.

Deputies said a check made with doctors disclosed they are obligated to cremate or bury an amputation of any kind.

The arm was discovered by Archie Kimble, who resides in an upstairs apartment of the building. He was in the cellar digging in preparation for erecting fruit shelves. Further digging afterwards did not reveal any other parts of a body.

Also found near where the arm was buried were old pharmaceutical magazines dating from between 1890 and 1897. Some old timers believe the arm was buried by a doctor or pharmacist at the turn of the century.

Sheriff Hobbs said there was a drugstore in the building many years ago.

Steelworkers Yet To Feel Strike Pinch

PITTSBURGH (AP) — The nationwide steel strike entered its second week today but most steelworkers have yet to feel any pinch in the pocketbook.

Many drew full two-week paychecks Tuesday and others have similar pays coming. In another two weeks, most steelworkers will collect three or four more days' pay for work up to the strike July 15.

Steelworkers also may draw two weeks vacation pay if they wish.

Cars parked bumper-to-bumper Tuesday as U.S. Steel Corp. paid off some 10,000 employes at its nearby Homestead works.

In addition to the 500,000 striking United Steelworkers, the shutdown has idled some 45,500 workers in allied industries. Hardest hit are railroads, coal mines, truckers and Great Lakes shippers.

In Cleveland, a spokesman for 18 trucking firms which haul steel said 500 more truck drivers were laid off Tuesday. That brought the total to 1,000. Some 100 truckers were idled in Pittsburgh.

To Drop Publications

YOUNGSTOWN, Ohio (AP)—A major magazine distributor has promised to remove 21 objectionable publications from his stands, Thomas A. Beil, Mahoning County prosecutor, said Tuesday. Beil said this action will make unnecessary his plan to prosecute the distributor in order to get a Common Pleas Court ruling on whether or not each of the 21 magazines actually is obscene.

Infant Electrocuted

FROST, Ohio (AP) — Dale E. Marshall, 15 months old, was electrocuted Tuesday while playing under his mother's sewing machine.

Steelworkers Yet To Feel Strike Pinch

PITTSBURGH (AP) — The nationwide steel strike entered its second week today but most steelworkers have yet to feel any pinch in the pocketbook.

Many drew full two-week paychecks Tuesday and others have similar pays coming. In another two weeks, most steelworkers will collect three or four more days' pay for work up to the strike July 15.

Steelworkers also may draw two weeks vacation pay if they wish.

Cars parked bumper-to-bumper Tuesday as U.S. Steel Corp. paid off some 10,000 employes at its nearby Homestead works.

In addition to the 500,000 striking United Steelworkers, the shutdown has idled some 45,500 workers in allied industries. Hardest hit are railroads, coal mines, truckers and Great Lakes shippers.

In Cleveland, a spokesman for 18 trucking firms which haul steel said 500 more truck drivers were laid off Tuesday. That brought the total to 1,000. Some 100 truckers were idled in Pittsburgh.

Fish chowder for company: add light cream instead of the usual milk.

To Drop Publications

YOUNGSTOWN, Ohio (AP)—A major magazine distributor has promised to remove 21 objectionable publications from his stands, Thomas A. Beil, Mahoning County prosecutor, said Tuesday. Beil said this action will make unnecessary his plan to prosecute the distributor in order to get a Common Pleas Court ruling on whether or not each of the 21 magazines actually is obscene.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My father keeps hammering at me to do better in school, work hard at a summer job, get in good with people who can help me in the business world.

I'm sick of all that jazz. Just because he came up the hard way and has done pretty well, he thinks everyone wants to be a big shot.

I'm bored with his talk about being "tops." It so happens I don't care to get in the rat race where everybody is climbing on everybody else's back to get ahead.

What's wrong with being an average guy? Please say something about this in the paper and maybe my pa will get off my back.—AVERAGE AJAX.

-:-

Dear Average: Success wears many faces. To some it means a split-level dwelling, two cars in the garage and a country club membership. To others it may mean hard work at a job whose rewards are satisfaction and the feeling of achievement.

One of the sicknesses of our time is the pressure on young people to conform. The false image of "success" has lured us into worshiping false gods. We want to be well clothed, well fed well housed and well entertained. External trappings too often are the hallmarks of "success."

In my opinion, real success is the ability to plunge into the dark and uncertain waters of life, battle the currents and come up with gleaming treasures — even if it's only an odd shaped shell—if this is what gives satisfaction and a sense of accomplishment.

'The Flavor Lasts'

Dear Ann: I laughed when I read that letter from "Jimmy and Ronnie." the kids who wanted to know if there really was a song called "Does the Spearmint Lose Its Flavor on the Bedpost Overnight?"

I have an old phonograph record of this number. It belonged to my father and every now and then I play it for laughs. It goes like this, in case the kids want to know a few of the lyrics:

"If you chew it in the morning,
it will be too hard to bite,
Can't you see I'm going crazy,
won't someone set me right?
Does the spearmint lose its flavor on the bedpost overnight?"

(Copyright, 1924, by Mills Music, Inc. Copyright renewed 1952).

Ann, I agree with you; the songs of 25 years ago may have been nutty but they don't compare with the stuff on the radio today. Have you heard "Poor Jenny"? When they get so hard-up for ideas that they have to write a song about a teen-age girl who lands in jail on her first date, then I give up.—E.B.

The Owner Pays

Dear Ann: Who should pay the damages, me or the woman who does my cleaning and laundry? This woman has been working for me for about three years. She is positively the dumbest thing who ever walked the earth.

Last week she overloaded my washing machine. Not only did she break the wringer, she burned out the motor. My husband has insurance on just about everything but this. Is she responsible and should I insist that she pay to have the machine repaired?—MRS. F.

-:-

Dear Mrs. F.: If it's a legal opinion you want, see a lawyer. If it's my personal opinion you are after, I say pay the repair bill yourself. This sort of thing happens all the time. Usually it's furniture damage, porcelain breakage or damage to appliances.

The maid or cleaning woman should not be asked to pay the repair bill any more than a person employed in a factory should pay for machinery if he broke it.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclose a stamped, self-addressed envelope.

Income Tax Proposed For West Virginia

CHARLESTON (AP) — The public has had its say on what should be done about taxes in West Virginia. Now it's up to the State Tax Study Commission to decide which of the suggestions to include in its recommendations.

The last of four public hearings by the commission was held yesterday in Charleston. The others earlier this month were at cities so located that all parts of the state could be heard from—Moundsville, Moorefield and Bluefield.

Crowds of up to 80 turned out in each city. Many changes in taxation were urged, but few represented new ideas. The chronic problems of public finance in the state have been inspiring roughly the same "solutions" for years now.

One of the most frequently heard, a state income tax, was brought up anew by two sources yesterday.

State Sen. Paul R. Moore (D—Jackson) and the West Virginia Labor Federation both expressed their advocacy.

"A genuinely progressive tax structure can only be achieved through a graded relinquishment of sales-type taxes in favor of graduated levies based on income and net profits," the policy statment of the labor federation said.

The West Virginia Railroad Assn. made another attack on the transportation privilege tax. As before, it argued that its members carry less than half the freight and passengers.

The West Virginia Coal Assn. once again came out against a severance tax. Such a tax was called for by the labor federation.

The association argued that the gross sales tax itself is a severance tax, and one is enough.

The State Bottlers Assn. wanted all business, not just its own, to pay for the new Medical Center at West Virginia University.

The bottlers are unhappy about the penny-a-bottle pop tax whose receipts go to finance the center. They say it has meant a big drop in their business.

There was one new position taken—in response to a new tax. The Associated Contractors of West Virginia, Inc., urged that something be done about an increase in their gross sales tax put in by the last Legislature.

The rate they pay was changed from $2 to $2.60 per $100 effective the first of this month. The contractors said they wanted a rate that would permit them to "obtain work and remain in business."

The public hearings followed the organization of the State Tax Study Commission in June. It was created by this year's Legislature to look into the whole tax situation in the state.

A full report with recommendations is not to be made by the commission until 1961. Partial reports are planned about every six months to the joint interim committees of the Legislature, with the first sometime in December.

The commission has two research projects going to help it with its work. One, with headquarters in Charleston, is concentrating on state taxes, is being carried out by the Bureau of Government Research at West Virginia University.

Firemen Outline Carnival Plans

Plans for the annual carnival Aug. 3-8 were outlined at a meeting of the Calcutta volunteer fire department Monday night.

Earl Hickman, chairman, reported arrangements have been completed for the parade Friday, Aug. 7. Several fire companies have registered for the parade, he said. The units will form on the Potters Lumber Co. parking lot and travel along Route 170 through Calcutta. A reviewing stand will be set up at the Buxton service station.

Anyone desiring to enter a pony in the parade should contact Hickman, Laverne Seckman or Norman Neal, president.

Five carnival rides will be set up on a lot adjacent to the station by Carl Utter of Adena. All concession stands will be operated by Calcutta and various other district fire departments. The Calcutta auxiliary will operate a cook tent.

Space inside the fire hall has been rented for the showing of various types of merchandise.

New lights are being installed in the hall. Newly purchased Scott airpacks were demonstrated. The next meeting will be Monday night at 8.

Area Legion Asks National Protest On Farm Crop Act

A resolution calling for a national American Legion protest against various provisions of farm crop quotas and balloting on such quotas has been approved by the 10th District of the Ohio American Legion and is to be offered at the national convention in August.

L. Olan Sanor of East Rochester R. D., 10th District representative, said the resolution, approved Sunday at the district convention at Cleveland, will be offered at the national convention at Minneapolis late in August to which he will be a delegate.

The resolution condemns the system of referendum voting under the 1938 Agriculture Act as "unjust, confusing, unsound and undemocratic." The move is sponsored by the North Georgetown Post 574.

It points out the local Agriculture Stabilization and Conservation committee may arbitrarily determine the quota of any farmer, the act eliminates court judgment of the legal validity of such determination, lacks provision of bi-partisan supervision of ballot counting and requires in many instances farmers to identify themselves with their ballots, thus depriving them of secret ballot.

It also says such men as Alger Hiss and others "now known to have been under Communist influence" were in the Agriculture Department when the act was adopted.

The resolution calls for the American Legion to voice its objection to the sections of the act which "deny constitutional rights of American citizens, and to urge reformation of the act.

Vote To End Strike

CINCINNATI (AP) — Eighty Steelworkers' Union employes have voted to end their five-week strike and return to work at Vulcan Manufacturing Co. of Cincinnati. They voted Tuesday to accept a company contract offer, but Harvey Boland, union business agent, said union and management agreed to withhold details of the settlement. Under the old agreement, workers pay averaged $2.45 hourly.

Crash Suits Ask $116,572 Total

Four suits asking a total of $116,572 for injuries in traffic mishaps were filed in Common Pleas Court Tuesday.

Mr. and Mrs. John DeSarro, 413 13th St., Wellsville, ask $50,000 and $15,000, respectively, from Bruce West of New Cumberland R. D. 1.

The couple claims a car owned by West and driven by Robert McDaniel struck their auto on Route 7 just north of Wellsville Nov. 21, 1958.

Mrs. Jean Ann Roe, 30½ Main St., Wellsville, seeks $25,250 from Richard Parsons, 172 Pennsylvania Ave., East Liverpool, claiming injuries in a crash June 6 on 3rd St. near Main St., Wellsville.

The sum of $26,322 is sought by Mrs. Anna Pohanish of Leetonia R. D. 1 on behalf of her son, Joseph. She alleges her son received permanent injuries when thrown from the car of Frank Everett of Columbiana R. D. 2 as it struck a bank and turned over Sept. 21, 1957, on Route 172 near Guilford Lake.

units brought a taste of war to the peaceful fields of that state and Ohio, burning bridges, taking horses and looting small towns.

Among those planning to attend the tour will be W. J. Martin, 85, of Kensington R. D. 1, who can vividly recall a story of the raid told him by the late Peter Smith, who operated a farm in Franklin Township in 1863.

Martin, who worked for Smith 67 years ago, said the latter had taken his horses and family to hide on a nearby hill and had returned to the house by the back door when he met Morgan coming through the front door.

Smith said the general asked for whisky for some of his men wounded at Monroeville which the farmer gave him, after he learned the general belonged to the same lodge.

The rebels left a short while afterward, after sampling some of the farmer's milk, butter and bread.

units brought a taste of war to the peaceful fields of that state and Ohio, burning bridges, taking horses and looting small towns.

Among those planning to attend the tour will be W. J. Martin, 85, of Kensington R. D. 1, who can vividly recall a story of the raid told him by the late Peter Smith, who operated a farm in Franklin Township in 1863.

Martin, who worked for Smith 67 years ago, said the latter had taken his horses and family to hide on a nearby hill and had returned to the house by the back door when he met Morgan coming through the front door.

Smith said the general asked for whisky for some of his men wounded at Monroeville which the farmer gave him, after he learned the general belonged to the same lodge.

The rebels left a short while afterward, after sampling some of the farmer's milk, butter and bread.

Council Gives Parking Ban Final Reading

Legislation prohibiting parking on one side of 11th St. and banning all parking on a section of 12th St. was given third and final reading by Wellsville City Council Tuesday night.

The legislation prohibits parking on the west side of 11th between Commerce and Lisbon Sts. and forbids parking on 12th between Commerce and White Sts. No protests were heard on the action.

Legislation was adopted under suspension of rules to permit the Board of Control to negotiate for purchase of the Homer T. Sims property on Danbury Ave. at a cost not to exceed $2,250.

The land is needed for a flood water pondage area. The Army Corps of Engineers will pay for the flowage easement, which will be added to the amount Sims will receive for his land.

Council also adopted legislation authorizing Safety-Service Director William S. Robinson to advertise for bids for a half-ton pickup truck for the sewage treatment plant. Council appropriated $1,700 from the sewage disposal fund for the truck.

Legislation was adopted under suspension of rules designating that the treatment plant chemist's salary will be taken half each from the water fund and sewage rental fund and that the operator's salary be taken half from each the sewage rental fund and the flood wall fund.

Resolutions were adopted accepting $500 from Mrs. Eleanor Dawson of Circleville and $7,244.63 from the estate of the late John E. Crawford of Akron for the perpetual care of lots at Springhill Cemetery. Crawford's will stipulates that $1,200 may be used to purchase new monuments for the lots if necessary.

Atty. Delmar T. O'Hara remarked from the audience that many streets are badly in need of repair. "They should be repaired before sealcoated," he said. Robinson remarked that any street designated for sealcoating will be patched.

O'Hara said he had a fabricating industry interested in coming in Wellsville but that when some of the representatives visited the city, they remarked on the dirty condition of the streets. "The city sweeper should be worked eight hours a day, six days a week," he said.

Mayor William J. Shoub agreed but said it was the old story of not enough finances to hire enough men. When Robinson was on vacation there was only one man in the entire street department, he said.

Shoub also pointed out that in the past 5 years about 15 dirt streets have been improved with a heavy rock base and asphalt compound.

Robinson said an engineer's report is being prepared on a proposal to extend city water and sewage service on Aten Ave. It is possible the last home out Aten will not be high enough for proper drainage on the first floor, he said. Shoub remarked that the cost has been unofficially estimated at $8 to $10 per foot for both sewage and water lines.

A special meeting will be held Monday night at 8 to act on the 1960 budget.

150 At Annual Picnic Of Church At Chester

About 150 attended the annual picnic of the Westminster United Presbyterian Church of Chester Tuesday at Thompson Park.

Games were held for children, and the married men defeated the single men in a softball game, 16-13. The Rev. William Claghorn gave the invocation.

The picnic was sponsored by the Men's Fellowship with J. J. Berry, Jonathan Allison and Frank Conkle in charge.

No Disturbances As Little Rock Pupils Register

LITTLE ROCK, Ark. (AP) — Registration—under police surveillance — continues today at Little Rock's four high schools where 11th grade students were scheduled to sign up for classes this fall.

Officers watched Tuesday as 429 seniors registered peacefully in schools which were closed against integration last year. Included in this group were five Negroes who expressed a desire to attend Central High, once an all-white school.

No Negroes attempted to enroll in Hall or Tech, the two other white schools.

Four of the five were among nine Negroes who attended Central under protection of federal troops during the 1957-58 term.

Police said there were no disturbances.

Registration by Negroes at once-white schools does not mean they will be permitted to attend there. After registration is complete, the school board will invoke Arkansas' pupil placement law to assign students to the various schools.

120 Attend Wellsville Party

Children's Library Program Ends

A party was held Tuesday afternoon at Wellsville MacDonald School for some 120 children marking the end of the library program sponsored this summer by the Wellsville Junior Chamber of Commerce.

Wayne Rose, Jaycee president, is shown presenting certificates to members of the reading roundup club for having read the required number of books. They are, left to right, Arretta Beck, Susan Bell, Vincent Amato and Jack Amato.

The program was open to children from grades one to six. The children either attended the story hour programs or joined the reading club. A total of 1,247 books were read by the 125 children participating. This was for the older group. The younger children attended the story-hour sessions.

Eighty-three received the reading certificates. Miss Mary Clark, librarian at the Carnegie Library, spoke briefly, thanking the Jaycees for the program and inviting the children to continue reading.

Mrs. Donald Stoll presented gifts to Joanne LaScola, Carol Hanlon, Mary Kay Wellington and Penny Call, members of the Wellsville High School Library Club, and Miss Vivian Findley, assistant at the library, for aiding in the program. Jaycee wives provided refreshments and assisted in serving.

Frank Buhla of Glouster, a magician, presented a show.

Young Cave Explorer Rescued After Pit Fall

NASHVILLE, Tenn. (AP) — A young cave explorer who tumbled 70 feet into a subterranean pit was rescued Tuesday night, seriously hurt and delirious, after being trapped more than two hours.

"Oh my God! Oh my God!" cried Tom Wainman, 16, of Nashville, as he was hoisted from the pit by Jerry Allen, 17, a friend who joined scores of rescue workers.

Wainman lapsed into unconsciousness before arriving at a hospital in an ambulance. Attendants said he suffered a brain concussion, broken leg and cuts and bruises.

Ex-City Man's Store Hit In $50,000 Theft

A Wichita (Kan.) jewelry store, operated by Eugene P. Wetzel, formerly of East Liverpool, was burglarized Friday of $50,000 in cash and jewels.

Burglars broke into the store by smashing a hole through a storeroom wall in an adjoining beauty salon.

The son of Mr. and Mrs. J. E. Wetzel, 250 Moore St., the jeweler is married and has been in Wichita about 10 years.

Redstone Missile Launching Cited As Successful

CAPE CANAVERAL, Fla. (AP) —An Army Redstone missile was launched here Tuesday night on what appeared to be a highly successful 250-mile flight.

The Redstone, similar to that which will boost this nation's seven astronauts on space capsule familiarization tests, darted out over the Atlantic Ocean shortly before midnight.

The National Aeronautics and Space Administration has ordered several Redstone missiles to acquaint the seven space pioneers with the capsule which will carry one of them into an orbit about the earth, probably in 1961.

Most of the astronauts, who are now training at Langley Air Force Base, Va., are expected to take comparatively short trips in the capsule. Redstones will hurl the manned space capsules as high as 100 miles into the air and deposit them a few hundred miles out in the Atlantic for recovery.

Weirton Steel Unit Doubles Employment

Expansion of tinplating facilities at the Steubenville plant of the Weirton Steel Co. has more than doubled employment at the plant, E. O. Burgham, chairman, announced today.

About 950 persons are now employed at the Steubenville operation, where 2 electrolytic tinplating lines and two continuous annealing lines were recently installed. The plant formerly employed about 400.

Work on the new installation began in December 1958. The equipment was purchased from a Baltimore firm and was rebuilt and modernized by Weirton Steel construction and maintenance personnel. All four lines are now in operation.

The Steubenville plant expansion is part of the $300 million, 3-year construction program announced by the National Steel Corp. in February, which includes construction of a new plant at the Midwest Steel Corp. in Porter County, Ind. A. J. Berdis is president of both Weirton Steel and Midwest Steel, National Steel subsidiaries.

Duplicate Profits Seen By Ferro In Last Half

The Ferro Corp. at Cleveland, which operates the Patterson Foundry & Machine Co. and the Louthan Manufacturing Co. here, Tuesday reported record sales and profits in the first half of 1959.

The firm said it expects comparable results during the remainder of the year, according to Robert A. Weaver, board chairman.

In the six months ended June 30, earnings totaled $1,789,000, equal to $2.48 a common share, an increase of 128 per cent over profit of $783,000 or $1.09 a year ago. Sales rose to $31,615,000 from $26,969,000, up 17 per cent. Directors approved capital improvements of nearly $400,000 at Ferro plants.

Confessed Slayer Serving Life Gets 157 More Years

PITTSBURGH (AP)— Robert Tallie Davis, serving a life term for the confessed slaying of an expectant mother, has been sentenced to an additional 78½ to 157 years for various robberies, rapes and attacks.

Judge Samuel A. Weiss of Allegheny County pronounced the sentences Tuesday after the Pittsburgh man pleaded guilty to some 20 indictments. Davis, 30, was handed 13 separate prison terms in Western State Penitentiary, including four terms for armed robbery.

Davis was convicted of first-degree murder in the 1957 bludgeion slaying of Mrs. Emily Shupe Foster during a robbery near her Leechburg home in Armstrong County. He won an appeal for a new trial last month, then pleaded guilty and was sentenced to life.

May Finish Behind Russia

U.S. To Erase All Possible Risks For Flight In Space

COLUMBUS, Ohio (AP)—"We don't want to put a man into space until the risk is no greater than for a pilot in an advanced type airplane."

Because of this attitude, the United States may well finish second to Russia in the race to rocket the first man into space.

Those are the views of Rear Adm. John E. Clark, deputy director of the Advanced Research Projects Agency, which coordinates space research for the Defense Department. He was here to address a session of a two-day American Rocket society conference on space vehicle fuels.

In an interview, Clark said, "We must have a reliable system, thoroughly tested, with reasonable assurance of success," before making any attempts to propel manned rockets into space.

Russia's security system gives it an edge in the race, Clark said. The Soviets can "take far greater risks than we can because if a man died in the attempt, no one would know it," he stressed. "In the United States, if an American was killed, everyone would know."

Still, the admiral estimated that America may get a man into space and safely back to earth "in three or four years." He offered no prediction as to when Russia might do it.

Clark, active in guided missile studies and operations for the past five years, acknowledged that the nation's defense against ballistic missiles is "practically nonexistent," but said that U. S. scientists are engaged in 60 or 70 different studies seeking to develop an effective defense.

With 384 scientists from all over the country attending, rocket society meetings the first day of the conference were devoted to considering engineering problems in handling high energy rocket propellants and covering advances in the field.

Advertising Launched To Push County Fair

LISBON — The Columbiana County Fair Board, at a special meeting Monday night at the fairgrounds, distributed advertising, including cards and bumper stickers, to promote the County Fair Aug. 25-29.

The board also purchased 6,000 dinner placemats to be used in restaurants in the county advertising the fair. Approximately 300 fair premium books have been distributed to all of last year's exhibitors and 4-H advisors. Any person wishing a fair book may contact Secretary Clarence Crosser of Lisbon R. D. or any member of the Fair Board.

Another 84 feet is being added to the pony barn. Work will be completed before fair time. It will help eliminate the crowded condition of pony exhibits, the board said.

The next regular meeting will be Monday, Aug. 3, at 8 p. m.

Fire Catches Firemen With Truck In Repair

1 Killed, 2 Are Safe When Ditch Collapses

ELLISVILLE, Mo. (AP) — The walls of a 16-foot sewer ditch collapsed and buried a 26-year-old Pacific, Mo., laborer alive Tuesday. Two fellow workers escaped.

Edward D. Heaston was killed. Authorities estimated two tons of dirt cascaded down on him. Rescue workers dug through to Heaston in an hour, but they were too late.

May Finish Behind Russia

U.S. To Erase All Possible Risks For Flight In Space

COLUMBUS, Ohio (AP)—"We don't want to put a man into space until the risk is no greater than for a pilot in an advanced type airplane."

Because of this attitude, the United States may well finish second to Russia in the race to rocket the first man into space.

Those are the views of Rear Adm. John E. Clark, deputy director of the Advanced Research Projects Agency, which coordinates space research for the Defense Department. He was here to address a session of a two-day American Rocket society conference on space vehicle fuels.

In an interview, Clark said, "We must have a reliable system, thoroughly tested, with reasonable assurance of success," before making any attempts to propel manned rockets into space.

Russia's security system gives it an edge in the race, Clark said. The Soviets can "take far greater risks than we can because if a man died in the attempt, no one would know it," he stressed. "In the United States, if an American was killed, everyone would know."

Still, the admiral estimated that America may get a man into space and safely back to earth "in three or four years." He offered no prediction as to when Russia might do it.

Clark, active in guided missile studies and operations for the past five years, acknowledged that the nation's defense against ballistic missiles is "practically nonexistent," but said that U. S. scientists are engaged in 60 or 70 different studies seeking to develop an effective defense.

With 384 scientists from all over the country attending, rocket society meetings the first day of the conference were devoted to considering engineering problems in handling high energy rocket propellants and covering advances in the field.

Advertising Launched To Push County Fair

LISBON — The Columbiana County Fair Board, at a special meeting Monday night at the fairgrounds, distributed advertising, including cards and bumper stickers, to promote the County Fair Aug. 25-29.

The board also purchased 6,000 dinner placemats to be used in restaurants in the county advertising the fair. Approximately 300 fair premium books have been distributed to all of last year's exhibitors and 4-H advisors. Any person wishing a fair book may contact Secretary Clarence Crosser of Lisbon R. D. or any member of the Fair Board.

Another 84 feet is being added to the pony barn. Work will be completed before fair time. It will help eliminate the crowded condition of pony exhibits, the board said.

The next regular meeting will be Monday, Aug. 3, at 8 p. m.

Out Of The Air

By JOHN CROSBY

An Easy Summer Show

Andy Williams, who had better be careful if he is not become a permanent summer replacement, has moved his bony and relaxed face from ABC to CBS this summer, bringing the stepladders with him.

John Crosby

As any fool knows, stepladders were invented by ABC for singers to sit on. (My mother tells me that for years people used to do other things with stepladders—like standing on them to hang pictures and like that. You're at liberty to believe this if you like.)

The Andy Williams show is a pleasant relaxed jukebox summery type show performed largely against white walls or against bamboo-like poles that recede or are drawn into the wings.

You'll hear a lot of good songs like "Swinging on a Star," You'd Be So Nice To Come Home to," and "Why Was I Born?" He sings them with good guests — Janis Paig, for instance, who really belts a song into the middle of next week. Or Miyoshi Umeki. (For Umeki, CBS cracked and brought some scenery. Or perhaps she brought her own.)

-:-

I THINK Andy Williams has a nice personality of his own, but he apparently doesn't. Last year—unless I was imagining things—he was playing Frank Sinatra for all he was worth. This year, unless my eyes are playing me tricks, he's doing the Perry Como bit.

Well, I suppose it's harmless idolatry. If you were a singer, you might pattern yourself after the most successful one in the business and, after all, Como is the first 25-million-dollar singer we have. And even Como quite admittedly patterns himself after Bing Crosby.

All these birds try to outdo themselves in relaxation. The first singer to come along who is tense could easily set a style that might sweep the country.

Like all these singer shows, this one is a little deficient in the comedy department. There was a comedian who did impressions of—now hold on here — people like Robert Mitchum, Kirk Douglas, Burt Lancaster, Broderick Crawford and Marlon Brando.

Well, of course, I applaud anyone who gets away from the old impressions like Edward G. Robinson, James Stewart and Clark Gable, but the trouble with these new imitations—I had nothing to compare them with. I never saw anyone imitate Kirk Douglas before so how am I to know if it's a good imitation or not? See Douglas' movies? Aw, come on!

-:-

MIKE WALLACE devoted all last week to a survey of a story that I'd never heard of before—the growth of a movement for "black supremacy" in Harlem and Chicago. It's a sensational story, all right—this tale of a movement that claims a quarter million members whose leaders preach hate against the whites they plan to overthrow by 1970.

The movement is not only anti-white, but anti-Christian, anti-integration, anti-Semitic, and certainly anti-liberal. The series had frightening film shots—very bad film, by the way—of black supremacy leader of the "Muslim" (a corruption of Moslem) preaching that the white man is the "greatest drunkard, greatest seducer, greatest murderer, greatest adulterer, greatest deceiver on earth."

There were shots of Elijah Muhammed, a deadpan leader of the Muslims who speaks his racist nonsense with imposing authority, and of Minister Malcolm X, a leader of United African Nationalist Movement, and Rep. Adam Clayton Powell, who is not in the movement.

I applaud Mr. Wallace and WNTA, which is where his program is broadcast, for digging into areas of news that have not been explored very thoroughly elsewhere.

I suspect, though, that this story needs a little perspective. I don't really believe that 250,000 figure for this movement; I think the sensational aspects have been played up beyond the strict call of truth.

Still, a little enterprise on the part of a local TV station in the new field is so unusual that I don't want to discourage it. It's a splendid thing and I hope we see more of it.

Lisbon Board Broadens Its Polio Program

LISBON — A program of broader student protection against polio was adopted by the Lisbon Board of Education Tuesday night in line with the new Ohio law requiring immunization.

The board approved a plan of recommending that parents and guardians comply with the law, to be effective Sept. 1, which requires pupils to have the immunization or be in the process of receiving it before entering school.

The board agreed to publicize the provisions of the regulation, and to have a survey taken after school begins to determine what students have such immunization. Arrangements are to be made with the County Health Department to conduct an immunization clinic.

The board will determine who will pay for immunization of children of destitute families.

In other action, the board approved purchase of a $3,185 walk-in refrigerator and freezer for the Lincoln School from the Raffel Brothers Co. of Youngstown. The equipment, to be paid from cafeteria profits, will be obtained on a lease agreement over a two-year period.

Appointment of Robert Theiss, 25, of Salem as science teacher and physical education teacher was confirmed. He will also be an assistant coach in varsity sports.

Clerk Henry Dawes was authorized to attend a school board clerks' conference Aug. 14, sponsored by the Northeastern Region of the Ohio School Boards Association.

An agreement was approved by the board providing for 80 per cent of school funds to be deposited with the Farmers National Bank and 20 per cent in the Firestone Bank, starting Aug. 1.

The board approved an arrangement by which Paul Kosower of the Leetonia School District may attend Lisbon High School to take second-year Latin in his sophomore year. The youth will be considered on unauthorized attendance at Lisbon, and Leetonia will collect state foundation funds for him. He would be unable to take Latin at Leetonia until his junior year.

The board will meet Aug. 4 to open bids for the repair of the high school roof. Bids for the supply of coal for the school will be opened at the regular meeting Sept. 15.

Women Pickets Block Entrance To Refinery

INDEPENDENCE, Mo. (AP)—Women pickets used passive resistance and active force in blocking entrances to the strikebound Standard Oil refinery at nearby Sugar Creek Tuesday.

Entering the two-week dispute for the first time, about 100 women relatives of 750 strikers prevented shipment of petroleum products by standing on railroad tracks.

Refinery officials say the strike's chief issue is control of costs by management.

HAMILTON, Ohio (AP)—Robert Dean Day, 9, of Hamilton drowned Tuesday in the Great Miami River where, police said, he dove in but was apparently held under water by currents.

Action Deferred On Vehicle Offers

Bids on a new station wagon were opened but no action was taken at a meeting of the Board of Trustees of the Hancock County Children's Home Monday night at New Cumberland.

Five bids were received and the trustees tabled any action until a study can be made of the budget for the coming year. It was announced arrangements have been made to have the children attend the Shrine Circus in Wheeling Monday.

Cyrus Spear of Weirton, executive secretary, reported four new tires have been purchased for the home's station wagon. He said Mrs. Josephine Alexander of the child welfare division of the Department of Public Assistance at Charleston will meet with the board Aug. 4 to discuss future plans for the home and child care.

The board voted to purchase an additional $4,500 insurance on the home near Pughtown. An upright freezer also will be purchased for the home. D. N. Thomas, chairman, presided.

Out Of The Air

By JOHN CROSBY

An Easy Summer Show

Andy Williams, who had better be careful if he is not become a permanent summer replacement, has moved his bony and relaxed face from ABC to CBS this summer, bringing the stepladders with him.

John Crosby

As any fool knows, stepladders were invented by ABC for singers to sit on. (My mother tells me that for years people used to do other things with stepladders—like standing on them to hang pictures and like that. You're at liberty to believe this if you like.)

The Andy Williams show is a pleasant relaxed jukebox summery type show performed largely against white walls or against bamboo-like poles that recede or are drawn into the wings.

You'll hear a lot of good songs like "Swinging on a Star," You'd Be So Nice To Come Home to," and "Why Was I Born?" He sings them with good guests — Janis Paig, for instance, who really belts a song into the middle of next week. Or Miyoshi Umeki. (For Umeki, CBS cracked and brought some scenery. Or perhaps she brought her own.)

-:-

I THINK Andy Williams has a nice personality of his own, but he apparently doesn't. Last year—unless I was imagining things—he was playing Frank Sinatra for all he was worth. This year, unless my eyes are playing me tricks, he's doing the Perry Como bit.

Well, I suppose it's harmless idolatry. If you were a singer, you might pattern yourself after the most successful one in the business and, after all, Como is the first 25-million-dollar singer we have. And even Como quite admittedly patterns himself after Bing Crosby.

All these birds try to outdo themselves in relaxation. The first singer to come along who is tense could easily set a style that might sweep the country.

Like all these singer shows, this one is a little deficient in the comedy department. There was a comedian who did impressions of—now hold on here — people like Robert Mitchum, Kirk Douglas, Burt Lancaster, Broderick Crawford and Marlon Brando.

Well, of course, I applaud anyone who gets away from the old impressions like Edward G. Robinson, James Stewart and Clark Gable, but the trouble with these new imitations—I had nothing to compare them with. I never saw anyone imitate Kirk Douglas before so how am I to know if it's a good imitation or not? See Douglas' movies? Aw, come on!

-:-

MIKE WALLACE devoted all last week to a survey of a story that I'd never heard of before—the growth of a movement for "black supremacy" in Harlem and Chicago. It's a sensational story, all right—this tale of a movement that claims a quarter million members whose leaders preach hate against the whites they plan to overthrow by 1970.

The movement is not only anti-white, but anti-Christian, anti-integration, anti-Semitic, and certainly anti-liberal. The series had frightening film shots—very bad film, by the way—of black supremacy leader of the "Muslim" (a corruption of Moslem) preaching that the white man is the "greatest drunkard, greatest seducer, greatest murderer, greatest adulterer, greatest deceiver on earth."

There were shots of Elijah Muhammed, a deadpan leader of the Muslims who speaks his racist nonsense with imposing authority, and of Minister Malcolm X, a leader of United African Nationalist Movement, and Rep. Adam Clayton Powell, who is not in the movement.

I applaud Mr. Wallace and WNTA, which is where his program is broadcast, for digging into areas of news that have not been explored very thoroughly elsewhere.

I suspect, though, that this story needs a little perspective. I don't really believe that 250,000 figure for this movement; I think the sensational aspects have been played up beyond the strict call of truth.

Still, a little enterprise on the part of a local TV station in the new field is so unusual that I don't want to discourage it. It's a splendid thing and I hope we see more of it.

Lisbon Board Broadens Its Polio Program

LISBON — A program of broader student protection against polio was adopted by the Lisbon Board of Education Tuesday night in line with the new Ohio law requiring immunization.

The board approved a plan of recommending that parents and guardians comply with the law, to be effective Sept. 1, which requires pupils to have the immunization or be in the process of receiving it before entering school.

The board agreed to publicize the provisions of the regulation, and to have a survey taken after school begins to determine what students have such immunization. Arrangements are to be made with the County Health Department to conduct an immunization clinic.

The board will determine who will pay for immunization of children of destitute families.

In other action, the board approved purchase of a $3,185 walk-in refrigerator and freezer for the Lincoln School from the Raffel Brothers Co. of Youngstown. The equipment, to be paid from cafeteria profits, will be obtained on a lease agreement over a two-year period.

Appointment of Robert Theiss, 25, of Salem as science teacher and physical education teacher was confirmed. He will also be an assistant coach in varsity sports.

Clerk Henry Dawes was authorized to attend a school board clerks' conference Aug. 14, sponsored by the Northeastern Region of the Ohio School Boards Association.

An agreement was approved by the board providing for 80 per cent of school funds to be deposited with the Farmers National Bank and 20 per cent in the Firestone Bank, starting Aug. 1.

The board approved an arrangement by which Paul Kosower of the Leetonia School District may attend Lisbon High School to take second-year Latin in his sophomore year. The youth will be considered on unauthorized attendance at Lisbon, and Leetonia will collect state foundation funds for him. He would be unable to take Latin at Leetonia until his junior year.

The board will meet Aug. 4 to open bids for the repair of the high school roof. Bids for the supply of coal for the school will be opened at the regular meeting Sept. 15.

Women Pickets Block Entrance To Refinery

INDEPENDENCE, Mo. (AP)—Women pickets used passive resistance and active force in blocking entrances to the strikebound Standard Oil refinery at nearby Sugar Creek Tuesday.

Entering the two-week dispute for the first time, about 100 women relatives of 750 strikers prevented shipment of petroleum products by standing on railroad tracks.

Refinery officials say the strike's chief issue is control of costs by management.

Ohio 5-Day Forecast

Action Deferred On Vehicle Offers

Bids on a new station wagon were opened but no action was taken at a meeting of the Board of Trustees of the Hancock County Children's Home Monday night at New Cumberland.

Five bids were received and the trustees tabled any action until a study can be made of the budget for the coming year. It was announced arrangements have been made to have the children attend the Shrine Circus in Wheeling Monday.

Cyrus Spear of Weirton, executive secretary, reported four new tires have been purchased for the home's station wagon. He said Mrs. Josephine Alexander of the child welfare division of the Department of Public Assistance at Charleston will meet with the board Aug. 4 to discuss future plans for the home and child care.

The board voted to purchase an additional $4,500 insurance on the home near Pughtown. An upright freezer also will be purchased for the home. D. N. Thomas, chairman, presided.

Famed Surgeon Dies

IOWA CITY, Iowa (AP) — Dr. Arthur Steindler, 81, internationally known orthopedic surgeon who headed the department of orthopedic surgery at the State University of Iowa from 1920 to 1949, died Tuesday of cancer. A native of Vienna, he came to this country in 1902.

Air Cadets Sought In Marine Corps

The Marine Corps announced today that 200-300 applicants for the Marine Aviation Cadet program will be accepted between now and June 30, 1960.

Sgt. James H. Aubrey, local recruiter attached to the Marine Corps recruiting substation in Steubenville, said that since 1941 most Marine aviators have been graduates of the Navy's flight training programs but now applicants can enlist directly in the Marine program.

Pre-flight training for the groups of MARCADs are scheduled every two weeks. After 10 weeks of preflight training, the future aviators report for an 18-month course at the Naval Air Training Command at Pensacola, Fla.

The cadets are commissioned second lieutenants upon completion. Sgt. Aubrey said the physical qualifications are rigid but mandatory. Applicants must be single, between 18 and 25 and have 2 years of college training and be of unquestioned moral integrity.

Anyone interested may contact Sgt. Aubrey, who is located on the third floor of City Hall, or write the MARCAD Selection Officer, New Post Office Building, Gay and Marconi Sts., Columbus 15. Sgt. Aubrey's phone number is FU. 6-6181.

McLish Sets Yankees Down On 3-Hitter In 5-1 Victory

Cleveland Dumps Limping Yanks To 6½ Games Out

CLEVELAND (AP) —Manager Casey Stengel fears time may be running out on his injury-plagued New York Yankees in their quest for a fifth straight American League pennant.

"This is the month we should be making our move and it's gonna be difficult with all these injuries," a subdued Stengel observed in the clubhouse after the first-place Cleveland Indians beat the Yanks 5-1 Tuesday night.

Cal McLish (12-3) tossed a three-hitter and didn't walk a man in whipping the Yankees for the fourth time this season. It dumped New York 6½ games out of the lead.

"If it was earlier in the season I wouldn't be worrying about any of 'em," Stengel continued. "It's gettin' late though, and they're catching me at a bad time. Some of my men ain't feeling so good.

Slugging first baseman Bill Skowron, sidelined with another back injury, has been out of action since July 11. Pitcher Bob Turley has missed nine days with a pulled chest cartilage. Shortstop Gil McDougald, reportedly suffering from a virus attack, played the first inning Tuesday night, then was replaced by rookie Fritz Brickell when he felt weak. Outfielder Tony Kubek, who suffered a mild concussion in a collision with McDougald a week ago, also is on the injury list.

Stengel praised McLish, the 33-year-old right-hander who seems to beat the Yanks with ease. "He's a pretty good pitcher. I found that out," Stengel said. He indicated McLish would be one of his pitchers for the All-Star game in Los Angeles next month.

Mickey Mantle, the New York slugger who has been slumping recently, looked woeful as he went hitless in four trips, striking out twice and poppout out the other two times.

"Mantle helped me out by swinging at low and away pitches," McLish said. "They weren't exactly bad balls, but they weren't his pitch. I had the feeling he was going to swing at most anything."

The Indians broke a scoreless tie by tallying three runs off southpaw Bobby Shantz in the sixth. A couple of miscues smoothed the path. Vic Power opened by beating out a grounder to Hector Lopez and continued to second when the third baseman threw wildly. Minnie Minoso followed with a double and went to third when Enos Slaughter fumbled the ball. Then Francona slammed his 10th home run—fourth against the Yanks.

Francona now has 16 hits in 38 at bats against New York. He also had a double in hitting in his 15th straight game and raised his average to a sizzling .396.

The Indians added the two final runs in the seventh when relifer Jim Coates issued two bases-loaded walks. The Yanks spoiled McLish's shutout bid on doubles by Norm Siebern and Bobby Richardson in the eighth frame.

Leading Rider At Waterford Park

Victory In Ohio Derby Stands Out As Ward's Biggest Racing Thrill

By BOB DUFFY
Review Sports Editor

Riding at fly-by-night county fair tracks in Indiana, winning the Ohio Derby and recovering from a bad spill pretty much tell the story of Paul Ward, Waterford Park's leading jockey.

Ward, who keeps his weight around 114 pounds, except when he "stuffs himself with a big Sunday meal," began riding at the age of 16 at county fairs near his home at Seymour, Ind.

From the time he rode his first mount until now, Ward's riding career has been full of victories.

Last year was the first time since he began riding at the leading tracks in 1952 that he hasn't been on more than 100 winners a year.

Ward's record of 43 winners in 30 days at Waterford Park speaks for itself.

C. H. Evertt, a horse owner who lived just a few miles away in neighboring Scottsburg, Ind., gave Ward his first big chance in racing.

Evertt took Ward to Oaklawn Park at Hot Springs, Ark. Ward was quick to recall the name of his first winner. "It was Little Imp, a favorite, on March 3, 1952," he said.

Little Imp was the seventh horse that Ward had ridden when he started his career at Oaklawn.

From there he went to Delaware Park, where he was the leading apprentice jockey in 1952. Ward ran into some of the top jockeys at Churchill Downs in 1953, but came out as the top rider with 24 wins in the 19-day meeting.

PAUL WARD
Weighing In For Another Day's Work At Waterford.

Ward rides at Beulah Park near Columbus, Ohio, every fall but doesn't do any riding in the winter at Florida tracks.

What has been your biggest thrill in racing? "Winning the Ohio Derby at Thistle Down," Ward replied..

The 114-pounder was aboard Timely Tip, which scored a length and a half victory in the $25,000 race in 1953.

"I also won several stake races at Delaware, but the victory in the Ohio Derby was my biggest thrill," Ward added.

He suffered a concussion in 1956 while riding at Randall Park near Cleveland.

Ward is the superstitious type. "I don't know whether or not it had anything to do with my spill, but it happened on Aug. 13." Ward was leading in a field of 12 horses when his mount went out from under him.

The concussion still bothers him, especially when he is in the "hot-box" trying to lose weight.

It didn't take Ward long to get back in the stride of things. After a two-month layoff following the spill, he went to Beulah Park where he booted home 43 winners.

This is his first full season at Waterford Park but Ward did ride Timely Tip in a stake race at Waterford Park in 1953 and was at the local one-mile track for a week several years ago.

"I like Waterford Park. It is a fine race track," Ward added.

Merchants Bounce Back, Nip Lawrenceville, 7-6

Father and son teamed up to give the East Liverpool Merchants an 8-7 victory in City League action Tuesday.

With Lawrenceville leading 7-6 going into the last of the seventh, Peck led off with a single, stole second and scored when manager John Andrason of the Merchants smacked a double.

Andrason later scored when his son, Jack, singled to right to decide the contest.

Lawrenceville did most of its scoring in the fourth with a five-run uprising, then added two in the fifth.

Hanlon was the winning pitcher and scattered nine hits. Frederick was checked with the loss.

John Zawoysky collected a double, and Duck Rogers and Jim Burks had two hits apiece to lead the Merchants at the plate. Frederick and Mumaw each had two singles to pace Lawrenceville.

Browns Open Training At Hiram On Thursday

HIRAM, Ohio (AP)—With their exhibition opener in Pittsburgh less than three weeks away, the Cleveland Browns open training camp here Thursday.

Only five members of the 1958 club are missing from this year's roster, but one of them—defensive halfback Don Paul—may change his mind about retiring and return. End Pete Brewster and tackle Don Colo definitely have called it quits.

The other two missing 1958 Browns are Lew Carpenter and Bill Quinlan, traded to the Green Bay Packers for end Billy Howton, an established National Football League receiver.

It all adds up to a quite limited opportunity for the 34 rookies trying to win places on the 35-man squad coach Paul Brown will carry into his 14th season of professional football.

After the game at Forbes Field in Pittsburgh on Tuesday, Aug. 11, the Browns will return here to train until they fly to California Aug. 28 for exhibitions with Los Angeles and San Francisco. After returning from the trip west, practice will be at League Park in Cleveland.

Pitches One-Hitter

O'Neil Joins Musuraca On Ohio All-Star Team

Bill O'Neil, East Liverpool's bread and butter fullback for the past two seasons, has joined teammate Nick Musuraca on the Buckeye squad for the annual Ohio-West Virginia All-Star football game Aug. 15 at Wheeling Stadium.

O'Neil was one of four named to play in the contest.

The 5-10, 184-pounder was sidelined most of his junior season with injuries, but still averaged better than 5 yards per carry.

Another gridder to join the Ohio squad is Ken Civinski. Switched from halfback to fullback the latter part of the season, he sparked Dillonvale to victories over previously unbeaten Brilliant and arch-rival Adena.

A pair was added to the West Virginia squad — Carl "Wild Bill" Elliott and Dave Boston both of unbeaten Parkersburg.

Elliott, the offensive center and defensive linebacker for Parkersburg, stands 6 feet 1 and weighs 230 pounds. Boston, a fullback, co-captained Parkersburg through their state championship drive.

Yesterday's Stars

Pitching — Roger Craig, Dodgers, out-dueled Sam Jones in a double three-hitter, working out of a bases-loaded, none-out jam in the seventh for 1-0 victory over the Giants. Both walked three, struck out six.

Hitting — Jim Marshall, Cubs, drove in four runs while getting two singles and a home run in 8-2 victory over the Cardinals.

Cox's Eliminated In Wild Contest; Midland USW Wins 2nd Straight

Cox Construction of East Liverpool was eliminated from the Non-Pro tournament at Midland by blowing a 7-2 lead and ending up losing a 14-11 decision to Fawn Township Tuesday night at Crucible Field.

Here's Today's Slate For Midland Tourney

6—Weirton vs. EL Merchants
8—Ford City vs. Piney Fork
10—West Kittaning vs. Wellsburg

Meanwhile, Midland USW 1212, the defending champions, continued on its winning ways with an easy 15-4 victory over the Westside Merchants of New Castle, and in one other contest Louise Mines defeated Mahoning Township, 4-2.

In a wild and woolly affair, four Cox Construction hurlers gave up a total of 12 walks in the nine-inning marathon.

With Cox's holding a 7-2 lead going into the fifth inning, Fawn Township tallied seven runs in the last of the fifth on six consecutive walks and sent John Laneve to the showers after the righthander had given up five runs.

Laneve, struck by wildness, walked five . . .

Dick Chamberlain followed Laneve to the mound and he then was relieved by Jim Dickey. Stan Franczek finished on the mound for Cox's.

Cox's bounced back to score four more runs in the seventh inning featured by Bernie Allen's home run. This tied the count at 9-9. The seventh inning rally gave gave Cox's the lead 11-9, but Fawn Township came back to score four runs in the eighth inning and one in the ninth for the margin of victory.

The defeat eliminated Cox's which dropped its opener to Moses Service of New Castle.

Allen and Jack Byers combined for seven of Cox's 11 hits. Byers stroked a home run with a man aboard in the first inning and clubbed two doubles and a single in five trips.

Allen added a home run and two singles in four times at bat.

Phil Hewitt clubbed two home runs to pace Midland USW to its second straight win.

Bob Trice of New Cumberland, who pitched in the majors for the old Philadelphia Athletics, picked up the victory for Midland. Trice hurled four innings and Bob Sedlak finished up.

Trice and Sedlak combined to strike out 15 New Castle batters.

Moore-Durelle Battle Set Again For Aug. 12

MONTREAL (AP) — Archie Moore's light heavyweight title defense against Yvon Durelle has been set back for the second time. The new date is Aug. 12 at the Montreal Forum.

The champ left hurriedly to rush to the bedside of his wife who underwent surgery for removal of a non-malignant mastoid tumor in San Diego, Calif. Her condition was reported as satisfactory.

"All my fight plans are up in the air for the present," said Moore on arrival in San Diego Tuesday. He left, taking only his hat and coat when Mrs. Moore's physician, Dr. Kenneth Cales, told him, "You ought to be here."

At first there was considerable bitterness in the camp of Durelle whose manager, Chris Shaban, threatened to claim the title. Later he calmed down and extended his sympathy to Moore.

The chairman of the Canadian Boxing Federation, Gene Letourneau, said his organization had no jurisdiction in such matters. "It's up to the U.S. National Boxing Assn.," he said.

The fight was postponed the first time when Moore claimed he suffered a minor foot injury in training. The original date had been July 15.

Portsmouth Firm Has Low Bid On Project

HUNTINGTON, W. Va. (AP)—The apparent low bid of $78,096 has been submitted by S. T. Kenyon & Co., Inc. of Portsmouth, Ohio, for a backwater protection project on the Ohio River at Russell, Ky.

The project, bid on Tuesday, will raise the pool stage of the river in the area about nine feet. Government estimate was $78,247.

Southwest Ohio Horses Win Hamilton Races

HAMILTON, Ohio (AP) — Harness talent from southwest Ohio had its hour at Hamilton Raceway Tuesday night, headed by Jule Abbey's victory in the featured pace.

Jule Abby, from the Junk Stables of Clarksburg, pulled through one battle with Daily Virtue, the early leader, and fought off a challenge by Miss Attorney, a late-closer, before nailing down a 2:07 2-5 triumph.

The victor paid $8.20, $5 and $2.40.

Driver Gene Fogt of Troy, who brought Jule Abby home, turned the same trick in the third race with Judy Blackson, a 2-year-old.

Lis Bardia, 7-1 longshot in the first race, combined with Edgewood Day for an $86.40 daily double.

Betting reached $61,465 at the mutuel windows and the crowd was 1,494.

2 Men Collapse, Die At Yanks-Indians Game

CLEVELAND (AP)—Two men collapsed and died Tuesday night at Municipal Stadium. One died before and the other shortly after the Cleveland-New York baseball game.

James H. Calo, 61, of Cleveland was stricken as he waited in line for tickets to the game. A Lorain resident, James M. Taylor, 60, (2708 Skyline Drive) collapsed and died in his auto in a parking lot after the game. He was manager of the Hy-Grade Food Products Co. in Lorain.

McLish Sets Yankees Down On 3-Hitter In 5-1 Victory

Cleveland Dumps Limping Yanks To 6½ Games Out

CLEVELAND (AP) —Manager Casey Stengel fears time may be running out on his injury-plagued New York Yankees in their quest for a fifth straight American League pennant.

"This is the month we should be making our move and it's gonna be difficult with all these injuries," a subdued Stengel observed in the clubhouse after the first-place Cleveland Indians beat the Yanks 5-1 Tuesday night.

Cal McLish (12-3) tossed a three-hitter and didn't walk a man in whipping the Yankees for the fourth time this season. It dumped New York 6½ games out of the lead.

"If it was earlier in the season I wouldn't be worrying about any of 'em," Stengel continued. "It's gettin' late though, and they're catching me at a bad time. Some of my men ain't feeling so good.

Slugging first baseman Bill Skowron, sidelined with another back injury, has been out of action since July 11. Pitcher Bob Turley has missed nine days with a pulled chest cartilage. Shortstop Gil McDougald, reportedly suffering from a virus attack, played the first inning Tuesday night, then was replaced by rookie Fritz Brickell when he felt weak. Outfielder Tony Kubek, who suffered a mild concussion in a collision with McDougald a week ago, also is on the injury list.

Stengel praised McLish, the 33-year-old right-hander who seems to beat the Yanks with ease. "He's a pretty good pitcher. I found that out," Stengel said. He indicated McLish would be one of his pitchers for the All-Star game in Los Angeles next month.

Mickey Mantle, the New York slugger who has been slumping recently, looked woeful as he went hitless in four trips, striking out twice and poppout out the other two times.

"Mantle helped me out by swinging at low and away pitches," McLish said. "They weren't exactly bad balls, but they weren't his pitch. I had the feeling he was going to swing at most anything."

The Indians broke a scoreless tie by tallying three runs off southpaw Bobby Shantz in the sixth. A couple of miscues smoothed the path. Vic Power opened by beating out a grounder to Hector Lopez and continued to second when the third baseman threw wildly. Minnie Minoso followed with a double and went to third when Enos Slaughter fumbled the ball. Then Francona slammed his 10th home run—fourth against the Yanks.

Francona now has 16 hits in 38 at bats against New York. He also had a double in hitting in his 15th straight game and raised his average to a sizzling .396.

The Indians added the two final runs in the seventh when relifer Jim Coates issued two bases-loaded walks. The Yanks spoiled McLish's shutout bid on doubles by Norm Siebern and Bobby Richardson in the eighth frame.

Leading Rider At Waterford Park

Victory In Ohio Derby Stands Out As Ward's Biggest Racing Thrill

By BOB DUFFY
Review Sports Editor

Riding at fly-by-night county fair tracks in Indiana, winning the Ohio Derby and recovering from a bad spill pretty much tell the story of Paul Ward, Waterford Park's leading jockey.

Ward, who keeps his weight around 114 pounds, except when he "stuffs himself with a big Sunday meal," began riding at the age of 16 at county fairs near his home at Seymour, Ind.

From the time he rode his first mount until now, Ward's riding career has been full of victories.

Last year was the first time since he began riding at the leading tracks in 1952 that he hasn't been on more than 100 winners a year.

Ward's record of 43 winners in 30 days at Waterford Park speaks for itself.

C. H. Evertt, a horse owner who lived just a few miles away in neighboring Scottsburg, Ind., gave Ward his first big chance in racing.

Evertt took Ward to Oaklawn Park at Hot Springs, Ark. Ward was quick to recall the name of his first winner. "It was Little Imp, a favorite, on March 3, 1952," he said.

Little Imp was the seventh horse that Ward had ridden when he started his career at Oaklawn.

From there he went to Delaware Park, where he was the leading apprentice jockey in 1952. Ward ran into some of the top jockeys at Churchill Downs in 1953, but came out as the top rider with 24 wins in the 19-day meeting.

PAUL WARD
Weighing In For Another Day's Work At Waterford.

Ward rides at Beulah Park near Columbus, Ohio, every fall but doesn't do any riding in the winter at Florida tracks.

What has been your biggest thrill in racing? "Winning the Ohio Derby at Thistle Down," Ward replied..

The 114-pounder was aboard Timely Tip, which scored a length and a half victory in the $25,000 race in 1953.

"I also won several stake races at Delaware, but the victory in the Ohio Derby was my biggest thrill," Ward added.

He suffered a concussion in 1956 while riding at Randall Park near Cleveland.

Ward is the superstitious type. "I don't know whether or not it had anything to do with my spill, but it happened on Aug. 13." Ward was leading in a field of 12 horses when his mount went out from under him.

The concussion still bothers him, especially when he is in the "hot-box" trying to lose weight.

It didn't take Ward long to get back in the stride of things. After a two-month layoff following the spill, he went to Beulah Park where he booted home 43 winners.

This is his first full season at Waterford Park but Ward did ride Timely Tip in a stake race at Waterford Park in 1953 and was at the local one-mile track for a week several years ago.

"I like Waterford Park. It is a fine race track," Ward added.

Merchants Bounce Back, Nip Lawrenceville, 7-6

Father and son teamed up to give the East Liverpool Merchants an 8-7 victory in City League action Tuesday.

With Lawrenceville leading 7-6 going into the last of the seventh, Peck led off with a single, stole second and scored when manager John Andrason of the Merchants smacked a double.

Andrason later scored when his son, Jack, singled to right to decide the contest.

Lawrenceville did most of its scoring in the fourth with a five-run uprising, then added two in the fifth.

Hanlon was the winning pitcher and scattered nine hits. Frederick was checked with the loss.

John Zawoysky collected a double, and Duck Rogers and Jim Burks had two hits apiece to lead the Merchants at the plate. Frederick and Mumaw each had two singles to pace Lawrenceville.

Browns Open Training At Hiram On Thursday

HIRAM, Ohio (AP)—With their exhibition opener in Pittsburgh less than three weeks away, the Cleveland Browns open training camp here Thursday.

Only five members of the 1958 club are missing from this year's roster, but one of them—defensive halfback Don Paul—may change his mind about retiring and return. End Pete Brewster and tackle Don Colo definitely have called it quits.

The other two missing 1958 Browns are Lew Carpenter and Bill Quinlan, traded to the Green Bay Packers for end Billy Howton, an established National Football League receiver.

It all adds up to a quite limited opportunity for the 34 rookies trying to win places on the 35-man squad coach Paul Brown will carry into his 14th season of professional football.

After the game at Forbes Field in Pittsburgh on Tuesday, Aug. 11, the Browns will return here to train until they fly to California Aug. 28 for exhibitions with Los Angeles and San Francisco. After returning from the trip west, practice will be at League Park in Cleveland.

Cox's Eliminated In Wild Contest; Midland USW Wins 2nd Straight

Cox Construction of East Liverpool was eliminated from the Non-Pro tournament at Midland by blowing a 7-2 lead and ending up losing a 14-11 decision to Fawn Township Tuesday night at Crucible Field.

Here's Today's Slate For Midland Tourney

6—Weirton vs. EL Merchants
8—Ford City vs. Piney Fork
10—West Kittaning vs. Wellsburg

Meanwhile, Midland USW 1212, the defending champions, continued on its winning ways with an easy 15-4 victory over the Westside Merchants of New Castle, and in one other contest Louise Mines defeated Mahoning Township, 4-2.

In a wild and woolly affair, four Cox Construction hurlers gave up a total of 12 walks in the nine-inning marathon.

With Cox's holding a 7-2 lead going into the fifth inning, Fawn Township tallied seven runs in the last of the fifth on six consecutive walks and sent John Laneve to the showers after the righthander had given up five runs.

Laneve, struck by wildness, walked five

Dick Chamberlain followed Laneve to the mound and he then was relieved by Jim Dickey. Stan Franczek finished on the mound for Cox's.

Cox's bounced back to score four more runs in the seventh inning featured by Bernie Allen's home run. This tied the count at 9-9. The seventh inning rally gave gave Cox's the lead 11-9, but Fawn Township came back to score four runs in the eighth inning and one in the ninth for the margin of victory.

The defeat eliminated Cox's which dropped its opener to Moses Service of New Castle.

Allen and Jack Byers combined for seven of Cox's 11 hits. Byers stroked a home run with a man aboard in the first inning and clubbed two doubles and a single in five trips.

Allen added a home run and two singles in four times at bat.

Phil Hewitt clubbed two home runs to pace Midland USW to its second straight win.

Bob Trice of New Cumberland, who pitched in the majors for the old Philadelphia Athletics, picked up the victory for Midland. Trice hurled four innings and Bob Sedlak finished up.

Trice and Sedlak combined to strike out 15 New Castle batters.

O'Neil Joins Musuraca On Ohio All-Star Team

Bill O'Neil, East Liverpool's bread and butter fullback for the past two seasons, has joined teammate Nick Musuraca on the Buckeye squad for the annual Ohio-West Virginia All-Star football game Aug. 15 at Wheeling Stadium.

O'Neil was one of four named to play in the contest.

The 5-10, 184-pounder was sidelined most of his junior season with injuries, but still averaged better than 5 yards per carry.

Another gridder to join the Ohio squad is Ken Civinski. Switched from halfback to fullback the latter part of the season, he sparked Dillonvale to victories over previously unbeaten Brilliant and arch-rival Adena.

A pair was added to the West Virginia squad — Carl "Wild Bill" Elliott and Dave Boston both of unbeaten Parkersburg.

Elliott, the offensive center and defensive linebacker for Parkersburg, stands 6 feet 1 and weighs 230 pounds. Boston, a fullback, co-captained Parkersburg through their state championship drive.

Moore-Durelle Battle Set Again For Aug. 12

MONTREAL (AP) — Archie Moore's light heavyweight title defense against Yvon Durelle has been set back for the second time. The new date is Aug. 12 at the Montreal Forum.

The champ left hurriedly to rush to the bedside of his wife who underwent surgery for removal of a non-malignant mastoid tumor in San Diego, Calif. Her condition was reported as satisfactory.

"All my fight plans are up in the air for the present," said Moore on arrival in San Diego Tuesday. He left, taking only his hat and coat when Mrs. Moore's physician, Dr. Kenneth Cales, told him, "You ought to be here."

At first there was considerable bitterness in the camp of Durelle whose manager, Chris Shaban, threatened to claim the title. Later he calmed down and extended his sympathy to Moore.

The chairman of the Canadian Boxing Federation, Gene Letourneau, said his organization had no jurisdiction in such matters. "It's up to the U.S. National Boxing Assn.," he said.

The fight was postponed the first time when Moore claimed he suffered a minor foot injury in training. The original date had been July 15.

Portsmouth Firm Has Low Bid On Project

HUNTINGTON, W. Va. (AP)—The apparent low bid of $78,096 has been submitted by S. T. Kenyon & Co., Inc. of Portsmouth, Ohio, for a backwater protection project on the Ohio River at Russell, Ky.

The project, bid on Tuesday, will raise the pool stage of the river in the area about nine feet. Government estimate was $78,247.

Southwest Ohio Horses Win Hamilton Races

HAMILTON, Ohio (AP) — Harness talent from southwest Ohio had its hour at Hamilton Raceway Tuesday night, headed by Jule Abbey's victory in the featured pace.

Jule Abby, from the Junk Stables of Clarksburg, pulled through one battle with Daily Virtue, the early leader, and fought off a challenge by Miss Attorney, a late-closer, before nailing down a 2:07 2-5 triumph.

The victor paid $8.20, $5 and $2.40.

Driver Gene Fogt of Troy, who brought Jule Abby home, turned the same trick in the third race with Judy Blackson, a 2-year-old.

Lis Bardia, 7-1 longshot in the first race, combined with Edgewood Day for an $86.40 daily double.

Betting reached $61,465 at the mutuel windows and the crowd was 1,494.

Braves Slipping Down NL Ladder, Drop 7th Straight

Craig Collars Giants, 1-0, On Three-Hitter

By The Associated Press

On June 30, 1953, Jim Konstanty beat the Dodgers 10-9 in relief when Bill Nicholson scored on a squeeze bunt for the winning Philadelphia run in the 10th against Joe Black.

Pittsburgh beat the Giants 3-1 on June 30, 1953, when Cal Abrams hit an inside-the-park home run and Toby Atwell hit a two-run single. The Chicago Cubs rapped St. Louis 10-3 that day, with Ralph Kiner hitting his 16th homer and driving in three runs.

R. L. Lide, who writes the Field & Stream column, is on vacation. His articles will be resumed next week.

Konstanty? Nicholson, Black, Abrams? Atwell? Kiner?

That's how long it's been since the Milwaukee Braves last lost seven straight. Cincinnati did it, 6-3, on June 30, 1953.

Tuesday night, Cincinnati did it again, dropping the Braves with their first seven-game skid in six years. The Reds did it with a frolick 12-2 breeze while belting one-time nemesis Lew Burdette and tumbling the defending National League champs to fourth place.

Still, the Braves are within 3½ games of San Francisco's leading Giants, whose edge was trimmed to a half-game by second-place Los Angeles as Roger Craig outdueled Sam Jones in a double three-hitter for a 1-0 victory.

Pittsburgh moved into third place, four percentage points ahead of the Braves, by picking up a 7-6 victory in the completion of a May 10 suspended game with Philadelphia before dropping a regularly scheduled game to the Phillies 4-2. Chicago broke a fifth-place tie with St. Louis by belting the Cardinals 8-2.

In the American League, Cleveland beat New York 5-1 for a .002 edge over Chicago's second-place White Sox, who defeated Boston 2-1. Kansas City beat Baltimore 8-1, and Detroit halted its skid with an 8-1 victory over Washington.

The Dodgers, held hitless for six innings, won in the ninth on a single by Charlie Neal and a double by Gil Hodges — the same pair who homered to get the two-game sweep under way with a 3-2 victory Monday.

Ted Kluszewski, the Pirates' first hitter when the suspended game was resumed, tagged Jack Meyer's first pitch for a home run for the cushion they needed. Roy Face, who had relieved winner Harvey Haddix (7-7), gave up Carl Sawatski's two-run homer in the ninth. Jim Hearn, since released by the Phils, was the loser.

Robin Roberts (9-8) beat the Bucs with a five - hitter in the regularly scheduled game, losing his shutout on Rocky Nelson's two-run homer in the eighth. Bob Friend, who has won but four, lost his 12th, giving up a deciding two-run homer by Dave Philley in the seventh.

Sammy Taylor's two-run single brought the Cubs from behind for a 3-2 lead in the sixth against loser Larry Jackson (8-8). Jim Marshall's three-run homer and Ernie Banks' solo 26th then made it a romp in the ninth. Art Ceccarelli, an American League castoff, won his third without defeat for the Cubs.

Buffalo Beats Miami, 3-2, To Pad Lead

By JACK CLARY
Associated Press Sports Writer

Buffalo's Frank Herrera and Miami's Foster Castleman took care of the hitting chores for their teams, as expected Tuesday night. But it was Herrera who suddenly transformed the International League race into a battle for second place.

The slugging Bisons' first baseman slammed a 400-foot home run in the top of the 11th inning to give the league-leaders a 3-2 victory over the Havana Sugar Kings and move them six games ahead of second place Miami. Only 3½ games separate the Marlins and last place Columbus.

Castleman went 4-for-8 in a doubleheader but to no avail as Miami split with Rochester, winning the first 3-0, and losing 3-1 in 10 innings. The loss was Miami's fifth in six games.

The Montreal Royals, a half game behind Miami in third, scored a 5-1 victory over Richmond while Columbus took its third straight shutout, 6-0 over Toronto.

In Columbus, Joe Gibbon (9-7) gave Toronto only three hits, retiring the last 17 batters in order. He struck out nine and walked two in besting Ron Negray (10-8). The Jets scored twice in the first, third and eighth innings.

Writers Change Selections, Chicago Tabbed For First

NEW YORK (AP)—The baseball writers have changed their minds in mid-stream about the American League pennant winner. The New York Yankees, a landslide choice in the spring, now are relegated to third place with Chicago tabbed as the pennant winner and Cleveland in second place.

Milwaukee, the spring pick in the National League, still is the writers' choice by a narrow margin over the San Francisco Giants. The Los Angeles Dodgers who moved within a half game of the lead Tuesday are listed third.

The facts, as revealed in the major league standings halfway through this year of upsets, didn't support the pre-season forecasts and the AP called for another poll to see if the writers had changed their minds.

Of the 72 votes cast this time, only 11 went to New York for first place. One went to Boston and the rest were almost evenly divided between the Chicago White Sox and Cleveland Indians.

The Indians got two more votes for first than the Sox but on an 8-7-6 etc. point scoring basis, Chicago had a 526-516 edge. The Yankees, who drew 175 of the 179 first place votes in the pre-season balloting, wound up third with only 445 points.

Milwaukee's edge in the National League point ratings was only 14 — 514 to 500 — although the Braves had a 36-27 margin in first place votes. The Los Angeles Dodgers, generally overlooked in the pre-season selections, moved up to third in place of Pittsburgh.

The pre-season poll order was:

National League — Milwaukee, San Francisco, Pittsburgh, Cincinnati, Los Angeles, St. Louis, Chicago, Philadelphia.

American League — New York, Detroit, Chicago, Boston, Cleveland, Baltimore, Kansas City, Washington.

Vanderbilt's Steed Picked

INGLEWOOD, Calif. (AP) — There was almost as many angles as horses in today's $100,000 added Sunset Handicap on closing day at Hollywood Park.

At an age when most good race horses have retired, Alfred G. Vanderbilt's 9-year-old Find was in the spotlight.

He promised to be the betting favorite to win the race for the second time, something no other horse has done. Find won it in 1957.

Victory, with its net purse of approximately $65,000, would boost Find's lifetime earnings comfortably past the $800,000 figure.

It would also lift him from 10th to eighth among the sport's all-time money winners.

Jockey Willie Shoemaker, booked to ride Find, was seeking his third Sunset victory.

Johnny Longden, the only other previous winner, was due to ride Terrang.

Millionaire Ralph Lowe of Midland, Tex., could become the second owner to win the Sunset twice in a row. Gallant Man won for him last year and Royal Clove was a threat today.

Terrang, topweighted at 122, spotted Find four pounds in today's mile and five-eighths finale. Other threats included Ying and Yang, Solid Fleet, Whodunit, Day Court and Infantry.

Giants' Pitching Aces Lose Two 1-Run Games

SAN FRANCISCO (AP) — The Giants' National League lead has melted since Saturday from three games to a fraction over the Los Angeles Dodgers.

In three losses, the Giants' two big guns have managed only three hits, Willie Mays one, Orlando Cepeda two. In two brilliant pitching duels, Los Angeles has turned in one-run victories over Johnny Antonelli (14-5) and Sam Jones (13-10).

The Giants strategists figured after the 1958 third place finish that the club's hitting department was solid but pitching was needed. So the Giants traded away Bill White, now second to Milwaukee's Hank Aaron in league batting, for St. Louis' Jones. They got Jack Sanford from Philadelphia.

Antonelli, Jones and Sanford have accounted for 34 of the Giants' 52 victories. The pitching has held up. But the batting hasn't.

"Everybody's in a slump," growled Manager Bill Rigney in the dressing room Tuesday after Los Angeles bunched two of its three hits off Jones in the ninth for a 1-0 win.

"Nobody's hitting. We'll be out early for hitting drill tomorrow (Wednesday). Everybody! We're in a slump and we've got to get out of it."

Newk Allows Braves 6 Hits For 12-2 Win

MILWAUKEE (AP) — Pitchers aren't supposed to get 10 cents' worth of hits in a season, but there are always exceptions—like Don Newcombe.

Newk also pitches a good game and he showed he could do both Tuesday night, helping the Cincinnati Reds rake Milwaukee for 15 hits and a 12-2 victory.

The big righthander is currently the best hitting pitcher in the National League with a .319 batting average.

His fast ball and his curve had plenty of hop Tuesday night, however, and that was the biggest factor in the victory, even if he did drive in three runs and score a fourth.

Newk finished up with a six-hitter and rarely was in trouble. Johnny Logan's ninth inning home run made the score only slightly less humiliating to the league champs.

The Braves had first reached the Redleg pitcher for one run in the fourth inning when Hank Aaron led off with a double, reached third after a flyout and scored on Frank Torre's foulout.

The Rhinelanders routed an old troublemaker, Lew Burdette, in the five-run fifth and continued shellacking Milwaukee pitching with big contributions by Johnny Temple, Gus Bell, Vada Pinson and Ed Bailey.

Three singles blended with Mel Roach's muff of Gus Bell's easy out brought in two first inning runs, and Bell eventually scored after two forceouts.

Temple and Pinson led off the fifth with singles and Bell promptly banged his 14th season homer. Robinson doubled and Bailey walked and both pulled a double steal. After Willie Jones singled, loading the bases, Newk slashed a two-run single to left.

Another muff by Roach started the Reds' seventh inning uprising.

Singles by Jones and Newcombe scored one run and Temple followed with a two-run double.

The Braves' defense deteriorated further. Pinson drew a walk, Bell reached first when nobody covered the bag and Temple scored on a wild pitch.

The second of three games with the Braves comes tonight with Jim O'toole booked to oppose Warren Spahn.

Grace U. P. Wins 9th Church Loop Contest By 13-3

Grace U. P. registered its ninth victory in 10 starts with a 13-3 win over Calvary Methodist Tuesday in the YMCA-Church Softball League.

McMillian and Talbott led the attack with three hits each. Cannon stroked two safeties for the losers.

In another contest, Second Church of Christ spilled Glenmoor U. P. 12-6. G. Wilkinson led the attack with three hits while Williams collected four hits and Floyd Jones a home run for the losers.

Machen Says He'll Flatten Rival Tonight

PORTLAND, Ore. (AP) —Eddie Machen of Portland says he'll flatten Reuben Vargas in their heavyweight fight here tonight.

Vargas was equally confident, saying he planned to win by a knockout and then get a shot at heavyweight champion Ingemar Johansson in Sweden in the fall.

Machen once fought Johansson — briefly. He was knocked out by the Swede in the first round last fall.

Machen and Vargas have met before, Machen winning a decision in a 10-rounder at San Francisco in May.

Machen was considered the top challenger for the crown of then champion Floyd Patterson until the defeat by Johansson last fall.

Since then, Machen has skidded in the rankings and is now generally considered the No. 5 challenger. Vargas is unranked.

Tonight's fight, scheduled for 10 rounds, will be televised nationally (ABC), starting at 10 p.m. (EDT).

Braves Slipping Down NL Ladder, Drop 7th Straight

Craig Collars Giants, 1-0, On Three-Hitter

By The Associated Press

On June 30, 1953, Jim Konstanty beat the Dodgers 10-9 in relief when Bill Nicholson scored on a squeeze bunt for the winning Philadelphia run in the 10th against Joe Black.

Pittsburgh beat the Giants 3-1 on June 30, 1953, when Cal Abrams hit an inside-the-park home run and Toby Atwell hit a two-run single. The Chicago Cubs rapped St. Louis 10-3 that day, with Ralph Kiner hitting his 16th homer and driving in three runs.

R. L. Lide, who writes the Field & Stream column, is on vacation. His articles will be resumed next week.

Konstanty? Nicholson, Black, Abrams? Atwell? Kiner?

That's how long it's been since the Milwaukee Braves last lost seven straight. Cincinnati did it, 6-3, on June 30, 1953.

Tuesday night, Cincinnati did it again, dropping the Braves with their first seven-game skid in six years. The Reds did it with a frolick 12-2 breeze while belting one-time nemesis Lew Burdette and tumbling the defending National League champs to fourth place.

Still, the Braves are within 3½ games of San Francisco's leading Giants, whose edge was trimmed to a half-game by second-place Los Angeles as Roger Craig outdueled Sam Jones in a double three-hitter for a 1-0 victory.

Pittsburgh moved into third place, four percentage points ahead of the Braves, by picking up a 7-6 victory in the completion of a May 10 suspended game with Philadelphia before dropping a regularly scheduled game to the Phillies 4-2. Chicago broke a fifth-place tie with St. Louis by belting the Cardinals 8-2.

In the American League, Cleveland beat New York 5-1 for a .002 edge over Chicago's second-place White Sox, who defeated Boston 2-1. Kansas City beat Baltimore 8-1, and Detroit halted its skid with an 8-1 victory over Washington.

The Dodgers, held hitless for six innings, won in the ninth on a single by Charlie Neal and a double by Gil Hodges — the same pair who homered to get the two-game sweep under way with a 3-2 victory Monday.

Ted Kluszewski, the Pirates' first hitter when the suspended game was resumed, tagged Jack Meyer's first pitch for a home run for the cushion they needed. Roy Face, who had relieved winner Harvey Haddix (7-7), gave up Carl Sawatski's two-run homer in the ninth. Jim Hearn, since released by the Phils, was the loser.

Robin Roberts (9-8) beat the Bucs with a five - hitter in the regularly scheduled game, losing his shutout on Rocky Nelson's two-run homer in the eighth. Bob Friend, who has won but four, lost his 12th, giving up a deciding two-run homer by Dave Philley in the seventh.

Sammy Taylor's two-run single brought the Cubs from behind for a 3-2 lead in the sixth against loser Larry Jackson (8-8). Jim Marshall's three-run homer and Ernie Banks' solo 26th then made it a romp in the ninth. Art Ceccarelli, an American League castoff, won his third without defeat for the Cubs.

PHILADELPHIA'S Gene Freese (4) puts the tag on Roberto Clemente when he attempted to stretch a double into a triple in the first inning of the Pirate-Phillies game Tuesday at Pittsburgh. The throw was a relay from George Anderson. (UPI Telephoto)

Writers Change Selections, Chicago Tabbed For First

NEW YORK (AP)—The baseball writers have changed their minds in mid-stream about the American League pennant winner. The New York Yankees, a landslide choice in the spring, now are relegated to third place with Chicago tabbed as the pennant winner and Cleveland in second place.

Milwaukee, the spring pick in the National League, still is the writers' choice by a narrow margin over the San Francisco Giants. The Los Angeles Dodgers who moved within a half game of the lead Tuesday are listed third.

The facts, as revealed in the major league standings halfway through this year of upsets, didn't support the pre-season forecasts and the AP called for another poll to see if the writers had changed their minds.

Of the 72 votes cast this time, only 11 went to New York for first place. One went to Boston and the rest were almost evenly divided between the Chicago White Sox and Cleveland Indians.

The Indians got two more votes for first than the Sox but on an 8-7-6 etc. point scoring basis, Chicago had a 526-516 edge. The Yankees, who drew 175 of the 179 first place votes in the pre-season balloting, wound up third with only 445 points.

Milwaukee's edge in the National League point ratings was only 14 — 514 to 500 — although the Braves had a 36-27 margin in first place votes. The Los Angeles Dodgers, generally overlooked in the pre-season selections, moved up to third in place of Pittsburgh.

The pre-season poll order was:

National League — Milwaukee, San Francisco, Pittsburgh, Cincinnati, Los Angeles, St. Louis, Chicago, Philadelphia.

American League — New York, Detroit, Chicago, Boston, Cleveland, Baltimore, Kansas City, Washington.

Vanderbilt's Steed Picked

INGLEWOOD, Calif. (AP) — There was almost as many angles as horses in today's $100,000 added Sunset Handicap on closing day at Hollywood Park.

At an age when most good race horses have retired, Alfred G. Vanderbilt's 9-year-old Find was in the spotlight.

He promised to be the betting favorite to win the race for the second time, something no other horse has done. Find won it in 1957.

Victory, with its net purse of approximately $65,000, would boost Find's lifetime earnings comfortably past the $800,000 figure.

It would also lift him from 10th to eighth among the sport's all-time money winners.

Jockey Willie Shoemaker, booked to ride Find, was seeking his third Sunset victory.

Johnny Longden, the only other previous winner, was due to ride Terrang.

Millionaire Ralph Lowe of Midland, Tex., could become the second owner to win the Sunset twice in a row. Gallant Man won for him last year and Royal Clove was a threat today.

Terrang, topweighted at 122, spotted Find four pounds in today's mile and five-eighths finale. Other threats included Ying and Yang, Solid Fleet, Whodunit, Day Court and Infantry.

Buffalo Beats Miami, 3-2, To Pad Lead

By JACK CLARY
Associated Press Sports Writer

Buffalo's Frank Herrera and Miami's Foster Castleman took care of the hitting chores for their teams, as expected Tuesday night. But it was Herrera who suddenly transformed the International League race into a battle for second place.

The slugging Bisons' first baseman slammed a 400-foot home run in the top of the 11th inning to give the league-leaders a 3-2 victory over the Havana Sugar Kings and move them six games ahead of second place Miami. Only 3½ games separate the Marlins and last place Columbus.

Castleman went 4-for-8 in a doubleheader but to no avail as Miami split with Rochester, winning the first 3-0, and losing 3-1 in 10 innings. The loss was Miami's fifth in six games.

The Montreal Royals, a half game behind Miami in third, scored a 5-1 victory over Richmond while Columbus took its third straight shutout, 6-0 over Toronto.

In Columbus, Joe Gibbon (9-7) gave Toronto only three hits, retiring the last 17 batters in order. He struck out nine and walked two in besting Ron Negray (10-8). The Jets scored twice in the first, third and eighth innings.

White Sox Nip Boston, A's Bump Orioles, 8-1

By ED WILKS
Associated Press Sports Writer

If there was any hope at all for the Cleveland Indians this past spring the bet was it lay in their young pitchers. Kids like Gary Bell 22, Mudcat Grant, 23, and Herb Score 25.

But here it is late July, the Indians have been out front in the American League for most of the season and who has been their ace? A guy named Cal McLish, at 33 a right-hander with a 12-3 record and the best percentage in the league.

He kept them in first by winning his seventh in a row Tuesday night with a three-hit job that beat New York's perked-up Yankees 5-1. That left Cleveland .002 percentage points ahead of Chicago's second-place White Sox, who beat Boston 2-1. It also put the fourth-place Yankees 6½ games behind.

McLish hasn't lost since June 7, when he dropped a one-run decision to the Yankees. That's his only loss to the champs, and he has been the pitcher in four of the Tribe's seven victories over the Yankees this season.

Since his current spurt started, he has won seven and saved one in relief, figuring in eight of Cleveland's last 19 victories.

While barely staying ahead of the White Sox, the Indians pulled 4½ games ahead of third-place Baltimore, beaten 8-1 at Kansas City. Detroit interrupted its skid with an 8-1 victory over Washington.

The White Sox broke a 1-1 tie in the seventh against Tom Brewer (7-7) when Jim Landis blooped a scoring single to right on a checked swing. Dick Donovan (7-5) gave up six hits, one Don Buddin's sixth-inning homer.

Southpaw Bud Daley (10 - 4) blanked the Orioles on four hits until the ninth, when Walt Dropo homered. The A's had put it away early against loser Milt Pappas (10-5), scoring twice in the first and twice in the third.

The Tigers, after losing seven of eight and 14 of their last 17, counted six runs on homers by Harvey Kuenn, Lou Berberet and Charlie Maxwell among their eight hits. Paul Foytack (9-8) was the winner with a six-hitter, giving up Roy Sievers' 13th homer in the second inning. Bill Fischer (8-4) lost his first in a month.

Seeded Stars To Get First Net Play Tests

MIDDLETOWN, Ohio (AP) — Seedings were slated to get the first big test today in quarter-finals of the Western Girls' Tennis Championships.

The top-ranked entrants had little difficulty winning their way through third round singles competition and the opening of doubles Tuesday.

Virginia Hesse of Hamtramck, Mich., top-rated in the age 18 and under division shut out Valerie Griffith of Springfield in singles. She teamed up with the second seed, Carol Prosen, Orlando, Fla., to breeze through doubles where they are seeded No. 1.

In the age 15 and under division, Peachy Kellmeyer of Charleston, W. Va., turned a similar trick in singles and joined forces with Carol Southmayd of Washington to defeat Susan Gerber of Middletown, and Sharon Pritula of Detroit, 6-3, 6-2.

Charles Town Race 'Cut' Hit By Horsemen

CHARLES TOWN, W. Va. (AP) — Horsemen, complaining bitterly that they aren't getting enough cut from the take at Charles Town race track, have called a special meeting for Tuesday.

The notice was sent out to horsemen by the Horsemen's Benevolent and Protective Assn. The meeting will be held at the new Shenandoah Downs track a short distance away.

The message announcing the meeting stated that the HPBA had worked with the previous management of the Charles Town track to get a fair share of the purse.

"Just as we succeeded, after several years of struggle, new management has decided to go back to the 'cut throat' days of old," said the statement. "We had succeeded in getting 44 per cent of the track's take in all of West Virginia. Now the best contract the Charles Town management will sign is a contract for 41 per cent."

Coach Steve Sinko has a 13-10 record for his first three seasons of football at Boston University.

Braves Slipping Down NL Ladder, Drop 7th Straight

Craig Collars Giants, 1-0, On Three-Hitter

By The Associated Press

On June 30, 1953, Jim Konstanty beat the Dodgers 10-9 in relief when Bill Nicholson scored on a squeeze bunt for the winning Philadelphia run in the 10th against Joe Black.

Pittsburgh beat the Giants 3-1 on June 30, 1953, when Cal Abrams hit an inside-the-park home run and Toby Atwell hit a two-run single. The Chicago Cubs rapped St. Louis 10-3 that day, with Ralph Kiner hitting his 16th homer and driving in three runs.

R. L. Lide, who writes the Field & Stream column, is on vacation. His articles will be resumed next week.

Konstarty? Nicholson, Black, Abrams? Atwell? Kiner?

That's how long it's been since the Milwaukee Braves last lost seven straight. Cincinnati did it, 6-3, on June 30, 1953.

Tuesday night, Cincinnati did it again, dropping the Braves with their first seven-game skid in six years. The Reds did it with a frolick 12-2 breeze while belting one-time nemesis Lew Burdette and tumbling the defending National League champs to fourth place.

Still, the Braves are within 3½ games of San Francisco's leading Giants, whose edge was trimmed to a half-game by second-place Los Angeles as Roger Craig outdueled Sam Jones in a double three-hitter for a 1-0 victory.

Pittsburgh moved into third place, four percentage points ahead of the Braves, by picking up a 7-6 victory in the completion of a May 10 suspended game with Philadelphia before dropping a regularly scheduled game to the Phillies 4-2. Chicago broke a fifth-place tie with St. Louis by belting the Cardinals 8-2.

In the American League, Cleveland beat New York 5-1 for a .002 edge over Chicago's second-place White Sox, who defeated Boston 2-1. Kansas City beat Baltimore 8-1, and Detroit halted its skid with an 8-1 victory over Washington.

The Dodgers, held hitless for six innings, won in the ninth on a single by Charlie Neal and a double by Gil Hodges — the same pair who homered to get the two-game sweep under way with a 3-2 victory Monday.

Ted Kluszewski, the Pirates' first hitter when the suspended game was resumed, tagged Jack Meyer's first pitch for a home run for the cushion they needed. Roy Face, who had relieved winner Harvey Haddix (7-7), gave up Carl Sawatski's two-run homer in the ninth. Jim Hearn, since released by the Phils, was the loser.

Robin Roberts (9-8) beat the Bucs with a five - hitter in the regularly scheduled game, losing his shutout on Rocky Nelson's two-run homer in the eighth. Bob Friend, who has won but four, lost his 12th, giving up a deciding two-run homer by Dave Philley in the seventh.

Sammy Taylor's two-run single brought the Cubs from behind for a 3-2 lead in the sixth against loser Larry Jackson (8-8). Jim Marshall's three-run homer and Ernie Banks' solo 26th then made it a romp in the ninth. Art Ceccarelli, an American League castoff, won his third without defeat for the Cubs.

Buffalo Beats Miami, 3-2, To Pad Lead

By JACK CLARY
Associated Press Sports Writer

Buffalo's Frank Herrera and Miami's Foster Castleman took care of the hitting chores for their teams, as expected Tuesday night. But it was Herrera who suddenly transformed the International League race into a battle for second place.

The slugging Bisons' first baseman slammed a 400-foot home run in the top of the 11th inning to give the league-leaders a 3-2 victory over the Havana Sugar Kings and move them six games ahead of second place Miami. Only 3½ games separate the Marlins and last place Columbus.

Castleman went 4-for-8 in a doubleheader but to no avail as Miami split with Rochester, winning the first 3-0, and losing 3-1 in 10 innings. The loss was Miami's fifth in six games.

The Montreal Royals, a half game behind Miami in third, scored a 5-1 victory over Richmond while Columbus took its third straight shutout, 6-0 over Toronto.

In Columbus, Joe Gibbon (9-7) gave Toronto only three hits, retiring the last 17 batters in order. He struck out nine and walked two in besting Ron Negray (10-8). The Jets scored twice in the first, third and eighth innings.

Writers Change Selections, Chicago Tabbed For First

NEW YORK (AP)—The baseball writers have changed their minds in mid-stream about the American League pennant winner. The New York Yankees, a landslide choice in the spring, now are relegated to third place with Chicago tabbed as the pennant winner and Cleveland in second place.

Milwaukee, the spring pick in the National League, still is the writers' choice by a narrow margin over the San Francisco Giants. The Los Angeles Dodgers who moved within a half game of the lead Tuesday are listed third.

The facts, as revealed in the major league standings halfway through this year of upsets, didn't support the pre-season forecasts and the AP called for another poll to see if the writers had changed their minds.

Of the 72 votes cast this time, only 11 went to New York for first place. One went to Boston and the rest were almost evenly divided between the Chicago White Sox and Cleveland Indians.

The Indians got two more votes for first than the Sox but on an 8-7-6 etc. point scoring basis, Chicago had a 526-516 edge. The Yankees, who drew 175 of the 179 first place votes in the pre-season balloting, wound up third with only 445 points.

Milwaukee's edge in the National League point ratings was only 14 — 514 to 500 — although the Braves had a 36-27 margin in first place votes. The Los Angeles Dodgers, generally overlooked in the pre-season selections, moved up to third in place of Pittsburgh.

The pre-season poll order was:

National League — Milwaukee, San Francisco, Pittsburgh, Cincinnati, Los Angeles, St. Louis, Chicago, Philadelphia.

American League — New York, Detroit, Chicago, Boston, Cleveland, Baltimore, Kansas City, Washington.

Vanderbilt's Steed Picked

INGLEWOOD, Calif. (AP) — There was almost as many angles as horses in today's $100,000 added Sunset Handicap on closing day at Hollywood Park.

At an age when most good race horses have retired, Alfred G. Vanderbilt's 9-year-old Find was in the spotlight.

He promised to be the betting favorite to win the race for the second time, something no other horse has done. Find won it in 1957.

Victory, with its net purse of approximately $65,000, would boost Find's lifetime earnings comfortably past the $800,000 figure.

It would also lift him from 10th to eighth among the sport's all-time money winners.

Jockey Willie Shoemaker, booked to ride Find, was seeking his third Sunset victory.

Johnny Longden, the only other previous winner, was due to ride Terrang.

Millionaire Ralph Lowe of Midland, Tex., could become the second owner to win the Sunset twice in a row. Gallant Man won for him last year and Royal Clove was a threat today.

Terrang, topweighted at 122, spotted Find four pounds in today's mile and five-eighths finale. Other threats included Ying and Yang, Solid Fleet, Whodunit, Day Court and Infantry.

Wants Imports Labeled

WASHINGTON (AP) — Rep. Samuel S. Stratton (D-NY) wants all imports from East Germany to carry labels to show that they are Communist goods. He has asked the Treasury Department to impose such a requirement.

Giants' Pitching Aces Lose Two 1-Run Games

SAN FRANCISCO (AP) — The Giants' National League lead has melted since Saturday from three games to a fraction over the Los Angeles Dodgers.

In three losses, the Giants' two big guns have managed only three hits, Willie Mays one, Orlando Cepeda two. In two brilliant pitching duels, Los Angeles has turned in one-run victories over Johnny Antonelli (14-5) and Sam Jones (13-10).

The Giants strategists figured after the 1958 third place finish that the club's hitting department was solid but pitching was needed. So the Giants traded away Bill White, now second to Milwaukee's Hank Aaron in league batting, for St. Louis' Jones. They got Jack Sanford from Philadelphia.

Antonelli, Jones and Sanford have accounted for 34 of the Giants' 52 victories. The pitching has held up. But the batting hasn't.

"Everybody's in a slump," growled Manager Bill Rigney in the dressing room Tuesday after Los Angeles bunched two of its three hits off Jones in the ninth for a 1-0 win.

"Nobody's hitting. We'll be out early for hitting drill tomorrow (Wednesday). Everybody! We're in a slump and we've got to get out of it."

Grace U. P. Wins 9th Church Loop Contest By 13-3

Grace U. P. registered its ninth victory in 10 starts with a 13-3 win over Calvary Methodist Tuesday in the YMCA-Church Softball League.

McMillian and Talbott led the attack with three hits each. Cannon stroked two safeties for the losers.

In another contest, Second Church of Christ spilled Glenmoor U. P. 12-6. G. Wilkinson led the attack with three hits while Williams collected four hits and Floyd Jones a home run for the losers.

Youth Dies In Wreck

LOGAN, Ohio (AP)—Tom W. Ward, 17, of Rt. 3, Logan was killed early today when his car went out of control on a curve and overturned on Ohio 664, about 1½ miles south of here.

Newk Allows Braves 6 Hits For 12-2 Win

MILWAUKEE (AP) — Pitchers aren't supposed to get 10 cents' worth of hits in a season, but there are always exceptions—like Don Newcombe.

Newk also pitches a good game and he showed he could do both Tuesday night, helping the Cincinnati Reds rake Milwaukee for 15 hits and a 12-2 victory.

The big righthander is currently the best hitting pitcher in the National League with a .319 batting average.

His fast ball and his curve had plenty of hop Tuesday night, however, and that was the biggest factor in the victory, even if he did drive in three runs and score a fourth.

Newk finished up with a six-hitter and rarely was in trouble. Johnny Logan's ninth inning home run made the score only slightly less humiliating to the league champs.

The Braves had first reached the Redleg pitcher for one run in the fourth inning when Hank Aaron led off with a double, reached third after a flyout and scored on Frank Torre's foulout.

The Rhinelanders routed an old troublemaker, Lew Burdette, in the five-run fifth and continued shellacking Milwaukee pitching with big contributions by Johnny Temple, Gus Bell, Vada Pinson and Ed Bailey.

Three singles blended with Mel Roach's muff of Gus Bell's easy out brought in two first inning runs, and Bell eventually scored after two forceouts.

Temple and Pinson led off the fifth with singles and Bell promptly banged his 14th season homer. Robinson doubled and Bailey walked and both pulled a double steal. After Willie Jones singled, loading the bases, Newk slashed a two-run single to left.

Another muff by Roach started the Reds' seventh inning uprising.

Singles by Jones and Newcombe scored one run and Temple followed with a two-run double.

The Braves' defense deteriorated further. Pinson drew a walk, Bell reached first when nobody covered the bag and Temple scored on a wild pitch.

The second of three games with the Braves comes tonight with Jim O'toole booked to oppose Warren Spahn.

Machen Says He'll Flatten Rival Tonight

PORTLAND, Ore. (AP) —Eddie Machen of Portland says he'll flatten Reuben Vargas in their heavyweight fight here tonight.

Vargas was equally confident, saying he planned to win by a knockout and then get a shot at heavyweight champion Ingemar Johansson in Sweden in the fall.

Machen once fought Johansson — briefly. He was knocked out by the Swede in the first round last fall.

Machen and Vargas have met before, Machen winning a decision in a 10-rounder at San Francisco in May.

Machen was considered the top challenger for the crown of then champion Floyd Patterson until the defeat by Johansson last fall.

Since then, Machen has skidded in the rankings and is now generally considered the No. 5 challenger. Vargas is unranked.

Tonight's fight, scheduled for 10 rounds, will be televised nationally (ABC), starting at 10 p.m. (EDT).

Negro Joins Boston, Avila To Milwaukee

CHICAGO (AP)—Elijah (Pumpsie) Green, once the unwitting center of a storm of protest charging racial discrimination, has joined the Boston Red Sox.

The Red Sox called up the switch-hitting infielder from their Minneapolis farm club Tuesday, after selling veteran infielder Bobby Avila to Milwaukee of the National League.

"I sure was surprised, but real glad. I hope I can help the team," Green said before Boston's game with the White Sox.

He made a brief appearance as a pinch runner for Vic Wertz in the eighth inning and played shortstop in the ninth. He did not have a fielding chance.

Green is the first Negro to play for the Red Sox. He was with the team in spring training, but was optioned to Minneapolis before the season started.

That brought on a storm of protest by several groups, charging the Red Sox with discrimination.

The Red Sox denied the discrimination charges. Green stayed out of the controversy.

MANAGER Bill Jurges (right) of the Boston Red Sox, greets Pumpsie Green, who was recalled to the parent club Tuesday from Minneapolis. Green became the first Negro ever to play for the Red Sox when he came in as a pinch-runner in the eighth inning of Tuesday's game at Chicago. (UPI Telephoto)

A's Manager Suffers Minor Heart Attack

KANSAS CITY (AP)—Manager Harry Craft of the Kansas City Athletics suffered a minor heart attack Tuesday.

Craft was taken to Downtown Hospital after he complained of chest pains. Physicians at first said the 44-year-old manager was suffering from exhaustion and tension.

But Tuesday night, Craft's doctor said the manager had a heart ailment. He said Craft's condition was not serious and that he has responded to medication.

Earlier this month, Craft was off the job for several days and associates said he has suffered from colds in recent weeks.

Killebrew Big Surprise Of 1959 Baseball Season

By FRANK ECK
AP Newsfeatures Sports Editor

Baseball is having one of those unusual years in that both pennant winners could wind up playing below .590 ball, the accepted figure for champions.

Ninety wins bring a .584 percentage, if all 154 games are played, and in the first half not one team could rightfully say it played like a champion.

A 10-game winning streak could win one or both pennants this year, a season in which most managers would gladly settle for a five-game skein.

Both the Milwaukee Braves and Cleveland Indians, playing with patched up infields, have led for most of the first half. Both stumbled from the top rung only to regain the lead when teams like the Chicago White Sox or San Francisco Giants failed to take advantage of first place. One day the Braves lost a game and tumbled into third place.

The world champion Yankees, shut out seven times in the first half, have looked like anything but American League repeaters.

The Yankees have been beaten by pitchers who a year ago were comparative unknowns, but then the Yankees have been playing below .500 baseball since early August of 1958.

Rookie Jerry Walker of Baltimore, a 20-year-old with one season of baseball behind him, beat them. So did Boston rookie, Jerry Casale, 25. And Hal Griggs, a winner of only three games in 1958, pitched a two-hitter for Washington. And adding salt to their wounds, their former relief ace, Bob Grim, now with Kansas City, blanked them with two hits.

Baseball people can understand Hoyt Wilhelm, Frank Lary and Don Mossi beating the Yankees. They are seasoned moundsmen. But when youngsters handcuff Casey Stengel's charges it's time to take notice.

Even though the White Sox are having troubles at third base and first base, it would not be surprising to see Al Lopez bring Chicago home first. He has kept his charges in a contending spot all along.

The surprise of the American League is Cleveland and it seems Joe Gordon could be in line for the manager of the year accolade.

You might recall that George Strickland started the season at short and Woody Held at third base. At last look they have switched positions, and a third baseman, Jim Baxes, often spurned by the Dodgers, has been playing second and hitting an occasional home run.

Detroit has played fine ball for Jimmie Dykes, after a 2-15 mark under Bill Norman, but each time the Tigers got close for a take charge chance they faltered.

The comeback of Herb Score has helped the Indian cause. He had won a total of only four games in the last two seasons but for the first half this year showed nine victories. He could win 20 as he did in 1956 before being hit in the eye by a batted ball.

Cleveland not only has Score's comeback but has a fine home run power in Rocky Colavito, Woody Held, Minnie Minoso, Tito Francona and Vic Power. The Indians seem to get their homers when they count.

The big surprise of the campaign, however, is 23-year-old Harmon Killebrew of Payette, Idaho. He had been sitting on the Washington bench since 1954 after signing for a $50,000 bonus. There were times when it seemed he had a hole in his glove and another in his bat.

However, after his options to the minors had expired and Eddie Yost was traded to Detroit, Killebrew got his chance. The lad who never got in more than 44 big league games in one season was in each of his team's 77 games during the first half. Not only that, but he drove in 67 runs and hit 27 home runs.

He figures he can match those efforts in the second half. If so, he will be the first in more than 20 years to approach Babe Ruth's 1927 record of 60. In 1938, Hank Greenberg collected 58 homers.

Cup Captain To Oppose Suspension Of Olmedo

HAVERFORD, Pa. (AP)—Alex Olmedo won't be suspended by the United States Lawn Tennis Assn. if U.S. Davis Cup Capt. Perry Jones has anything to say about it.

Jones made that statement Tuesday night, shortly before Olmedo told a banquet audience he was sorry about the way he conducted himself at the National Clay Court tournament last week in Chicago.

It was Olmedo's first public comment on the incident.

The National Clay Court Committee accused the Peruvian star of deliberately throwing a match with Abe Segal of South Africa. The committee has recommended to the Lawn Tennis Assn. that Olmedo be suspended.

White Sox Nip Boston, A's Bump Orioles, 8-1

By ED WILKS
Associated Press Sports Writer

If there was any hope at all for the Cleveland Indians this past spring the bet was it lay in their young pitchers. Kids like Gary Bell 22, Mudcat Grant, 23, and Herb Score 25.

But here it is late July, the Indians have been out front in the American League for most of the season and who has been their ace? A guy named Cal McLish, at 33 a right-hander with a 12-3 record and the best percentage in the league.

He kept them in first by winning his seventh in a row Tuesday night with a three-hit job that beat New York's perked-up Yankees 5-1. That left Cleveland .002 percentage points ahead of Chicago's second-place White Sox, who beat Boston 2-1. It also put the fourth-place Yankees 6½ games behind.

McLish hasn't lost since June 7, when he dropped a one-run decision to the Yankees. That's his only loss to the champs, and he has been the pitcher in four of the Tribe's seven victories over the Yankees this season.

Since his current spurt started, he has won seven and saved one in relief, figuring in eight of Cleveland's last 19 victories.

While barely staying ahead of the White Sox, the Indians pulled 4½ games ahead of third-place Baltimore, beaten 8-1 at Kansas City. Detroit interrupted its skid with an 8-1 victory over Washington.

The White Sox broke a 1-1 tie in the seventh against Tom Brewer (7-7) when Jim Landis blooped a scoring single to right on a checked swing. Dick Donovan (7-5) gave up six hits, one Don Buddin's sixth-inning homer.

Southpaw Bud Daley (10 - 4) blanked the Orioles on four hits until the ninth, when Walt Dropo homered. The A's had put it away early against loser Milt Pappas (10-5), scoring twice in the first and twice in the third.

The Tigers, after losing seven of eight and 14 of their last 17, counted six runs on homers by Harvey Kuenn, Lou Berberet and Charlie Maxwell among their eight hits. Paul Foytack (9-8) was the winner with a six-hitter, giving up Roy Sievers' 13th homer in the second inning. Bill Fischer (8-4) lost his first in a month.

Seeded Stars To Get First Net Play Tests

MIDDLETOWN, Ohio (AP) — Seedings were slated to get the first big test today in quarter-finals of the Western Girls' Tennis Championships.

The top-ranked entrants had little difficulty winning their way through third round singles competition and the opening of doubles Tuesday.

Virginia Hesse of Hamtramck, Mich., top-rated in the age 18 and under division shut out Valerie Griffith of Springfield in singles. She teamed up with the second seed, Carol Prosen, Orlando, Fla., to breeze through doubles where they are seeded No. 1.

In the age 15 and under division, Peachy Kellmeyer of Charleston, W. Va., turned a similar trick in singles and joined forces with Carol Southmayd of Washington to defeat Susan Gerber of Middletown, and Sharon Pritula of Detroit, 6-3, 6-2.

Boy Killed By Car

CANTON, Ohio (AP)—An automobile driven by an 18-year-old girl struck and killed Timothy Lowing, 4, on U. S. 62 Tuesday night. The girl said she was unable to stop in time to avoid hitting the child who broke away from his mother and darted onto the divided highway north of here near the trailer-camp home of his parents, Mr. and Mrs. Howard Lowing.

Charles Town Race 'Cut' Hit By Horsemen

CHARLES TOWN, W. Va. (AP) Horsemen, complaining bitterly that they aren't getting enough cut from the take at Charles Town race track, have called a special meeting for Tuesday.

The notice was sent out to horsemen by the Horsemen's Benevolent and Protective Assn. The meeting will be held at the new Shenandoah Downs track a short distance away.

The message announcing the meeting stated that the HPBA had worked with the previous management of the Charles Town track to get a fair share of the purse.

"Just as we succeeded, after several years of struggle, new management has decided to go back to the 'cut throat' days of old," said the statement. "We had succeeded in getting 44 per cent of the track's take in all of West Virginia. Now the best contract the Charles Town management will sign is a contract for 41 per cent."

Coach Steve Sinko has a 13-10 record for his first three seasons of football at Boston University.

Bringing Up A Family

By GARRY MEYERS

Facts Given About Little League

Starting in 1939 in Williamsport, Pa., as a small local baseball program for boys eight to twelve, the Little League movement across the United States has become big business, involving millions of families. In 1953 the number of Little League teams in the United States grew to 11,448 in 46 states. Since then this number has more than doubled and now includes teams in a dozen foreign countries. Perhaps 50,000,000 people play, watch, organize and promote Little League baseball each year. We can assume that it is here to stay and will continue to grow.

By Garry Meyers

"The movement of our population toward urban and suburban living, the increased number of children, shorter working hours of parents, the age of togetherness plus the impetus of organized baseball with all tend to promote Little League baseball for younger children.

—:—

SO REPORTS Norris A. Patterson in the April 1959, issue of Childhood Education. He also reports that the Little League organization sent out a questionnaire in 44 states to the coaches, supervisors and officials of the various local leagues.

Among the advantages reported were:

"Improved sportsmanship, worthy use of leisure time, a beneficial socializing experience for boys, an integrative factor in the community, a contributing factor to the habits of promptness and obedience and direct physical benefits."

Disadvantages named most often were:

"Parents, managers and adult fans frequently create disturbing aims of the program; over-emphasis on winning can easily develop; many boys who wish to play do not get the opportunity to do so; some leagues have inadequate leadership; the tensions surrounding games can be emotionally upsetting for a minority; and some boys, who make the team, develop attitudes of superiority toward those less fortunate."

—:—

PATTERSON SAYS that several studies of parental attitudes for improving the Little League program suggest three steps for improvement:

1. Give every boy a chance to play for a short time in every game.
2. Recruit managers, officials and other leaders who know how to work with young boys.
3. Eliminate parental interference.

Then the author suggests that adults of the community:

1. Control publicity concerning the Little League.
2. Prohibit the play-off of league championship teams at state, district and national levels. Ban all-star teams and all - star games.
3. Establish and adhere to definite policies and procedures to prohibit parental interference.
4. Allow each child who has been accepted as a team member and who has met practice requirements an opportunity to play in each game.
5. Recruit qualified personnel to coach the teams.

Youth, 19, Bound Over In Coal Firm Burglary

LISBON — Patrick A. Spinks, 19, of Sebring was bound over to the September Grand Jury Monday by County Judge Luther Donbar at Salem after he pleaded guilty to breaking and entering the H. S. Peterson Coal Co. storage shed on the Westville - North Georgetown Rd. last November and taking welding torches, gauges, a battery charger and assorted tools. Bond was set at $500.

Three other youths 16 to 18—two from Sebring and one from East Palestine—were given preliminary hearings Monday before Juvenile Judge Louis Tobin in the same case but he continued the hearing until Aug. 6.

The four were picked up after two of the boys were stopped in a car Friday night by sheriff's deputies in a routine check. The deputies found some of the equipment in their car. After questioning, the two implicated the other two who were picked up Sunday.

Keep In Trim

Negative Attitude Weakens Will Power

Reducing is a physical accomplishment in terms of poundage lost, but actually, dieting is a mental triumph. First, let's get rid of some false notions about that illusive quality termed will power.

Ida Jean Kain

Will power has come to have a grit-your - teeth - and - stick-with - it- connotation. That's a negative approach and goes against the grain, so to speak. The sum total of will power is a positive assertion of what you want and can do. In short, will power should not be associated with self - denial.

Your will represents your various desires. Strong desire gives power to the will. If your desire to be shapely weight is wholehearted and you go at summer slimming in a spirit of adventure, keeping your mind on the rewards, all the forces of your being come to your aid.

—:—

YOUR MIND seeks ways and means to help you get what you want. You begin to think in terms of shining success.

You develop a real conviction that you can achieve your goal. There is the secret: when you harness your will to a goal, your will becomes subservient to the goal.

Here is a morale booster: The number of pounds you need to reduce in order to reach ideal weight is relatively unimportant! It's your attitude toward reducing that influences your actions. Think and act like a slim, attractive woman and you will eventually be slim, lithe and lovely.

From the above, you can see that everything depends on the way you look at dieting. Will power is attitude in action. Rough going is mainly mental.

If you view diet as an ordeal, this negative attitude will make reducing an impossible struggle. Friends, this scientifically planned diet is an opportunity. With it, you can lose 2 to 3 pounds a week without going hungry. You can be one full size slimmer by Labor Day.

Send a long, stamped, self - ad-Calorie Chart." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests cannot be answered.

How Can I? ? ?

By ANNE ASHLEY

Q. How can I remedy a rug whose corner persist in turning or curling up?

A. One easy way of coping with this little problem is to cut out some L-shaped pieces of cardboard and sew or glue these underneath the unruly corners of your rug.

Q. What is a quick and easy way to polish brass ornaments?

A. One of the quickest I know is to rub these ornaments with the juice of a boiled onion.

White Sox are hird base and first base, it would not be surprising to see Al Lopez bring Chicago home first. He has kept his charges in a contending spot all along.

The surprise of the American League is Cleveland and it seems Joe Gordon could be in line for the manager of the year accolade.

You might recall that George Strickland started the season at short and Woody Held at third base. At last look they have switched positions, and a third baseman, Jim Baxes, often spurned by the Dodgers, has been playing second and hitting an occasional home run.

Detroit has played fine ball for Jimmie Dykes, after a 2-15 mark under Bill Norman, but each time the Tigers got close for a take charge chance they faltered.

The comeback of Herb Score has helped the Indian cause. He had won a total of only four games in the last two seasons but for the first half this year showed nine victories. He could win 20 as he did in 1956 before being hit in the eye by a batted ball.

Cleveland not only has Score's comeback but has a fine home run power in Rocky Colavito, Woody Held, Minnie Minoso, Tito Francona and Vic Power. The Indians seem to get their homers when they count.

The big surprise of the campaign, however, is 23-year-old Harmon Killebrew of Payette, Idaho. He had been sitting on the Washington bench since 1954 after signing for a $50,000 bonus. There were times when it seemed he had a hole in his glove and another in his bat.

However, after his options to the minors had expired and Eddie Yost was traded to Detroit, Killebrew got his chance. The lad who never got in more than 44 big league games in one season was in each of his team's 77 games during the first half. Not only that, but he drove in 67 runs and hit 27 home runs.

He figures he can match those efforts in the second half. If so, he will be the first in more than 20 years to approach Babe Ruth's 1927 record of 60. In 1938, Hank Greenberg collected 58 homers.

Cup Captain To Oppose Suspension Of Olmedo

HAVERFORD, Pa. (AP)—Alex Olmedo won't be suspended by the United States Lawn Tennis Assn. if U.S. Davis Cup Capt. Perry Jones has anything to say about it.

Jones made that statement Tuesday night, shortly before Olmedo told a banquet audience he was sorry about the way he conducted himself at the National Clay Court tournament last week in Chicago.

It was Olmedo's first public comment on the incident.

The National Clay Court Committee accused the Peruvian star of deliberately throwing a match with Abe Segal of South Africa. The committee has recommended to the Lawn Tennis Assn. that Olmedo be suspended.

2 IN MEMORIAM

WILLIAM McCoy, in loving memory of my dear husband who passed away two years ago today, July 22, 1957. Sad and sudden was the call of the one so dearly loved by all. it was a bitter grief, a shock severe, to part with one we loved so dear, to love to hold and then to part is the saddest thing of the human heart. O, Lord keep green the grave that lies Beneath the wide and starry skies. Keep sweet the sleep and give him rest whose hands are folded over his breast, forgotten to the world by some, you may be, But dear to my memory you ever will be. Sadly missed by his wife, Lottie McCoy.

3 CARD OF THANKS

I will always remember the many acts of kindness and sympathy shown me by my friends and neighbors at the time of my sad loss, the death of my beloved husband, Emanuel Elder. Special thanks to Mr. C. Killebrew Big Surprise Of 1959 Baseball Season

By FRANK ECK
AP Newsfeatures Sports Editor

Baseball is having one of those unusual years in that both pennant winners could wind up playing below .590 ball, the accepted figure for champions.

Ninety wins bring a .584 percentage, if all 154 games are played, and in the first half not one team could rightfully say it played like a champion.

A 10-game winning streak could win one or both pennants this year, a season in which most managers would gladly settle for a five-game skein.

Both the Milwaukee Braves and Cleveland Indians, playing with patched up infields, have led for most of the first half. Both stumbled from the top rung only to regain the lead when teams like the Chicago White Sox or San Francisco Giants failed to take advantage of first place. One day the Braves lost a game and tumbled into third place.

The world champion Yankees, shut out seven times in the first half, have looked like anything but American League repeaters.

The Yankees have been beaten by pitchers who a year ago were comparative unknowns, but then the Yankees have been playing below .500 baseball since early August of 1958.

Rookie Jerry Walker of Baltimore, a 20-year-old with one season of baseball behind him, beat them. So did Boston rookie, Jerry Casale, 25. And Hal Griggs, a winner of only three games in 1958, pitched a two-hitter for Washington. And adding salt to their wounds, their former relief ace, Bob Grim, now with Kansas City, blanked them with two hits.

Baseball people can understand Hoyt Wilhelm, Frank Lary and Don Mossi beating the Yankees. They are seasoned moundsmen. But when youngsters handcuff Casey Stengel's charges it's time to take notice.

Even though the White Sox are having troubles at third base and first base, it would not be surprising to see Al Lopez bring Chicago home first. He has kept his charges in a contending spot all along.

The surprise of the American League is Cleveland and it seems Joe Gordon could be in line for the manager of the year accolade.

You might recall that George Strickland started the season at short and Woody Held at third base. At last look they have switched positions, and a third baseman, Jim Baxes, often spurned by the Dodgers, has been playing second and hitting an occasional home run.

Detroit has played fine ball for Jimmie Dykes, after a 2-15 mark under Bill Norman, but each time the Tigers got close for a take charge chance they faltered.

The comeback of Herb Score has helped the Indian cause. He had won a total of only four games

WASHINGTON (AP) — Ohio's two Democratic senators stood on opposite sides of the fence Tuesday as the Senate passed, 57-31, a bill providing educational and home loan benefits to peacetime veterans. Sen. Frank J. Lausche voiced strong opposition to the measure and voted against it. Sen. Stephen M. Young voted with the majority.

In World War II, 12,500 Army and Navy nurses went overseas.

Negro Joins Boston, Avila To Milwaukee

CHICAGO (AP)—Elijah (Pumpsie) Green, once the unwitting center of a storm of protest charging racial discrimination, has joined the Boston Red Sox.

The Red Sox called up the switch-hitting infielder from their Minneapolis farm club Tuesday, after selling veteran infielder Bobby Avila to Milwaukee of the National League.

"I sure was surprised, but real glad. I hope I can help the team," Green said before Boston's game with the White Sox.

He made a brief appearance as a pinch runner for Vic Wertz in the eighth inning and played shortstop in the ninth. He did not have a fielding chance.

Green is the first Negro to play for the Red Sox. He was with the team in spring training, but was optioned to Minneapolis before the season started.

That brought on a storm of protest by several groups, charging the Red Sox with discrimination.

The Red Sox denied the discrimination charges. Green stayed out of the controversy.

MANAGER Bill Jurges (right) of the Boston Red Sox, greets Pumpsie Green, who was recalled to the parent club Tuesday from Minneapolis. Green became the first Negro ever to play for the Red Sox when he came in as a pinch-runner in the eighth inning of Tuesday's game at Chicago. (UPI Telephoto)

A's Manager Suffers Minor Heart Attack

KANSAS CITY (AP)—Manager Harry Craft of the Kansas City Athletics suffered a minor heart attack Tuesday.

Craft was taken to Downtown Hospital after he complained of chest pains. Physicians at first said the 44-year-old manager was suffering from exhaustion and tension.

But Tuesday night, Craft's doctor said the manager had a heart ailment. He said Craft's condition was not serious and that he has responded to medication.

Earlier this month, Craft was off the job for several days and associates said he has suffered from colds in recent weeks.

See Bill Differently

WASHINGTON (AP) — Ohio's two Democratic senators stood on opposite sides of the fence Tuesday as the Senate passed, 57-31, a bill providing educational and home loan benefits to peacetime veterans. Sen. Frank J. Lausche voiced strong opposition to the measure and voted against it. Sen. Stephen M. Young voted with the majority.

Bringing Up A Family

By GARRY MEYERS

Facts Given About Little League

Starting in 1939 in Williamsport, Pa., as a small local baseball program for boys eight to twelve, the Little League movement across the United States has become big business, involving millions of families. In 1953 the number of Little League teams in the United States grew to 11,448 in 46 states.

By Garry Meyers

Since then this number has more than doubled and now includes teams in a dozen foreign countries. Perhaps 50,000,000 people play, watch, organize and promote Little League baseball each year. We can assume that it is here to stay and will continue to grow.

"The movement of our population toward urban and suburban living, the increased number of children, shorter working hours of parents, the age of togetherness plus the impetus of organized baseball with all tend to promote Little League baseball for younger children.

—:—

SO REPORTS Norris A. Patterson in the April 1959, issue of Childhood Education. He also reports that the Little League organization sent out a questionnaire in 44 states to the coaches, supervisors and officials of the various local leagues.

Among the advantages reported were:

"Improved sportsmanship, worthy use of leisure time, a beneficial socializing experience for boys, an integrative factor in the community, a contributing factor to the habits of promptness and obedience and direct physical benefits."

Disadvantages named most often were:

"Parents, managers and adult fans frequently create disturbing aims of the program; over-emphasis on winning can easily develop; many boys who wish to play do not get the opportunity to do so; some leagues have inadequate leadership; the tensions surrounding games can be emotionally upsetting for a minority; and some boys, who make the team, develop attitudes of superiority toward those less fortunate."

—:—

PATTERSON SAYS that several studies of parental attitudes for improving the Little League program suggest three steps for improvement:

1. Give every boy a chance to play for a short time in every game.
2. Recruit managers, officials and other leaders who know how to work with young boys.
3. Eliminate parental interference.

Then the author suggests that adults of the community:

1. Control publicity concerning the Little League.
2. Prohibit the play-off of league championship teams at state, district and national levels. Ban all-star teams and all - star games.
3. Establish and adhere to definite policies and procedures to prohibit parental interference.
4. Allow each child who has been accepted as a team member and who has met practice requirements an opportunity to play in each game.
5. Recruit qualified personnel to coach the teams.

Youth, 19, Bound Over In Coal Firm Burglary

LISBON — Patrick A. Spinks, 19, of Sebring was bound over to the September Grand Jury Monday by County Judge Luther Donbar at Salem after he pleaded guilty to breaking and entering the H. S. Peterson Coal Co. storage shed on the Westville - North Georgetown Rd. last November and taking welding torches, gauges, a battery charger and assorted tools. Bond was set at $500.

Three other youths 16 to 18—two from Sebring and one from East Palestine—were given preliminary hearings Monday before Juvenile Judge Louis Tobin in the same case but he continued the hearing until Aug. 6.

The four were picked up after two of the boys were stopped in a car Friday night by sheriff's deputies in a routine check. The deputies found some of the equipment in their car. After questioning, the two implicated the other two who were picked up Sunday.

Keep In Trim

By IDA JEAN KAIN

Negative Attitude Weakens Will Power

Reducing is a physical accomplishment in terms of poundage lost, but actually, dieting is a mental triumph. First, let's get rid of some false notions about that illusive quality termed will power.

Ida Jean Kain

Will power has come to have a grit-your - teeth - and - stick-with - it- connotation. That's a negative approach and goes against the grain, so to speak. The sum total of will power is a positive assertion of what you want and can do. In short, will power should not be associated with self - denial.

Your will represents your various desires. Strong desire gives power to the will. If your desire to be shapely weight is wholehearted and you go at summer slimming in a spirit of adventure, keeping your mind on the rewards, all the forces of your being come to your aid.

—:—

YOUR MIND seeks ways and means to help you get what you want. You begin to think in terms of shining success.

You develop a real conviction that you can achieve your goal. There is the secret: when you harness your will to a goal, your will becomes subservient to the goal.

Here is a morale booster: The number of pounds you need to reduce in order to reach ideal weight is relatively unimportant! It's your attitude toward reducing that influences your actions. Think and act like a slim, attractive woman and you will eventually be slim, lithe and lovely.

From the above, you can see that everything depends on the way you look at dieting. Will power is attitude in action. Rough going is mainly mental.

If you view diet as an ordeal, this negative attitude will make reducing an impossible struggle. Friends, this scientifically planned diet is an opportunity. With it, you can lose 2 to 3 pounds a week without going hungry. You can be one full size slimmer by Labor Day.

Send a long, stamped, self - ad-Calorie Chart." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests cannot be answered.

How Can I? ? ?

By ANNE ASHLEY

Q. How can I remedy a rug whose corner persist in turning or curling up?

A. One easy way of coping with this little problem is to cut out some L-shaped pieces of cardboard and sew or glue these underneath the unruly corners of your rug.

Q. What is a quick and easy way to polish brass ornaments?

A. One of the quickest I know is to rub these ornaments with the juice of a boiled onion.

2nd Statue Of Liberty Suggested For Hawaii

HONOLULU (AP)—A candidate for one of Hawaii's two U.S. Senate seats suggests a second Statue of Liberty be built at the entrance of Honolulu Harbor.

Republican territorial Sen. Wilfred C. Tsukiyama, 62, whitedean of Hawaii legislators of Japanese ancestry, made the suggestion at a political rally Tuesday.

2 IN MEMORIAM

WILLIAM McCoy, in loving memory of my dear husband who passed away two years ago today, July 22, 1957. Sad and sudden was the call of the one so dearly loved by all, it was a bitter grief, a shock severe, to part with one we loved so dear, to love to hold and then to part is the saddest thing of the human heart. O, Lord keep green the grave that lies Beneath the wide and starry skies. Keep sweet the sleep and give him rest whose hands are folded over his breast, forgotten to the world by some, you may be, But dear to my memory you ever will be. Sadly missed by his wife, Lottie McCoy.

3 CARD OF THANKS

I will always remember the many acts of kindness and sympathy shown me by my friends and neighbors at the time of my sad loss, the death of my beloved husband, Emanuel Elder. Special thanks to Mr. C. O. Dotson for his consoling words, to the pallbearers and to the Arner Funeral Home. Signed Mrs. Emanuel Elder and sons, Joe and Bill.

Cases Increasing Each Week

U.S. May Be In Worse Polio Year Since 1955

By W. JOYNES MACFARLAN

WASHINGTON (AP) — The United States may be going through its worst polio year since the salk vaccine was introduced in 1955.

Cases of polio are increasing each week. The number of paralytic cases is almost double the total for the same period last year.

A spokesman for the Public Health Service released figures today that showed the mounting incident of polio in July.

There were 174 cases, 105 of them paralytic, in the week ending July 4; 179 cases, 111 paralytic, in the week ending July 11.

The spokesman said reports indicate an even greater increase for the week ending July 18.

From April 1, the start of the polio disease year, through July 11, there have been 940 cases, 604 of them paralytic. This compares with 567 cases in the similar 1958 span, of which 282 were paralytic.

The worst outbreak this year has been in the Des Moines area. Iowa had 105 cases up to July 11, compared with 9 in the first 27 weeks of 1958. It had 58 paralytic cases, compared with 4 a year earlier.

There have been considerable increases in polio in New York, Ohio, Indiana, Michigan, Minnesota, Missouri, Nebraska, Kansas, Virginia, South Carolina, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma, Texas, Arizona, Washington and California.

Surgeon Gen. Leroy E. Burney has repeatedly urged intensive campaigns to vaccinate everybody under 40.

Man Charged In Bid To Kill Wife, In-Law

SANTA MONICA, Calif. (AP)—A Pacific Palisades builder has been charged with trying to kill his wife and mother-in-law by pushing them over a cliff in an automobile.

John Briggs, 37, was accused Tuesday of two counts of attempted murder.

His wife, Norma, 34, and her mother, Mary Nilson, 65, told police he got out of the auto and pushed it into a 450-foot-deep canyon, then ran down the canyon wall and struck them with a tire iron and rock.

Electric To Go Up

WARREN, Ohio (AP)—Electric bills of householders here will go up about six per cent Nov. 1, and those of commercial customers by 3½ per cent under a new Ohio Edison rate schedule council has approved by a 9-1 vote. The average residential customer's monthly bill will go from $5.95 to $6.35, the company estimated.

Weatherman Was Correct; Wasn't Rain

SAN DIEGO, Calif. (AP)—The weatherman was right when he said the mysterious moisture which has been falling on Charles Coval's backyard wasn't rain.

It was bug juice.

The phenomenon was explained by scientists Tuesday after Coval, meteorologists, engineers, newsmen and everybody else admitted they were puzzled.

Dr. Rudolph Preisendorfer, research physicist at the University of California, La Jolla, led the unofficial scientific expedition to Coval's backyard after reading about the mysterious sprinkles in newspapers.

He climbed a tree and found the rain-making insects.

Preisendorfer identified them as leafhoppers, commonly called sharpshooters, and scentifically known as homopyera cicadellidae homalodisia.

They excret a spray of fluid, which the scientist said is sometimes politely called "honey dew," especially when they are disturbed.

The leafhoppers had been keeping wet an area 20-foot square.

Coval, a missile plant engineer who has had more visitors than usual since the rain was discovered Sunday, said he was mighty glad the scientists had solved the mystery.

There usually is no rain from April to the end of October in Israel.

In 'Hole Of A Fix'

Small Town In California Figures It's Goin' Down

JACUMBA, Calif. (AP) — This town is goin' down.

Not downhill or downtown—just plain down.

The 300 or so folks who live in this farming community two miles from the Mexican border figure they're in a hole of a fix. The mystery began a week ago when a small crack appeared in the ground near the town's emergency airfield.

It lengthened to 75 yards Monday and became a hole 150 yards long, 5 feet deep and 3 feet wide Tuesday.

It all but swallowed a tractor cutting across a field. A tow truck had to haul it out.

When rancher Hank Ketchum recovered his tractor, he noticed that water from his irrigation ditch was vanishing down two nearby holes. He had to dam up his irrigation ditch.

A 17-year-old-girl who went to look at it was buried up to her knees when the ground gave way beneath her. She was pulled out unharmed.

Geologist Don Weaver has an explanation.

Jacumba is about 150 feet above an ancient lava shelf. Runoff water from a nearby Mexican mountain range has caused subterranean erosion. The result: the shelf is caving in and the earth is settling. There were cloudbursts and flash floods here two weeks ago.

Weaver says the earth settling could continue for a week, 10 days or longer.

Churchill Observes No Smoking On Plane

LONDON (AP) — Sir Winston Churchill observed the no smoking rule today on boarding a British airliner for the Riviera. Usually he ignores it.

The British elder statesman's car drove him and Lady Churchill to within a few yards of the steps of the airliner, and Churchill put out his cigar before getting out. 1;

"As far as I know nobody has dropped a hint," said a spokesman for British European Airways. "We would never stop him. He has been traveling with us a long time and is certainly a very special passenger."

Senate Okay Of Mueller Is Expected

WASHINGTON A(P) — Indications are that the Senate will consider the nomination of Frederick H. Mueller as secretary of commerce without the bitter controversy that flared over his predecessor, Lewis L. Strauss.

President Eisenhower nominated Mueller formally Tuesday for the post in which he has been acting since the Senate rejected Strauss. He had been undersecretary.

Mueller, a popular official who doesn't stand on ceremony, is generally regarded in the Senate as an almost exact opposite to the controversial Strauss.

Mueller, who has served in the Commerce Department since 1955, formerly was a partner in the Mueller Furniture Co. of Grand Rapids, Mich. He is a Republican.

The Chicago fire was in 1871.

Cases Increasing Each Week

U.S. May Be In Worse Polio Year Since 1955

By W. JOYNES MACFARLAN

WASHINGTON (AP) — The United States may be going through its worst polio year since the salk vaccine was introduced in 1955.

Cases of polio are increasing each week. The number of paralytic cases is almost double the total for the same period last year.

A spokesman for the Public Health Service released figures today that showed the mounting incident of polio in July.

There were 174 cases, 105 of them paralytic, in the week ending July 4; 179 cases, 111 paralytic, in the week ending July 11.

The spokesman said reports indicate an even greater increase for the week ending July 18.

From April 1, the start of the polio disease year, through July 11, there have been 940 cases, 604 of them paralytic. This compares with 567 cases in the similar 1958 span, of which 282 were paralytic.

The worst outbreak this year has been in the Des Moines area. Iowa had 105 cases up to July 11, compared with 9 in the first 27 weeks of 1958. It had 58 paralytic cases, compared with 4 a year earlier.

There have been considerable increases in polio in New York, Ohio, Indiana, Michigan, Minnesota, Missouri, Nebraska, Kansas, Virginia, South Carolina, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma, Texas, Arizona, Washington and California.

Surgeon Gen. Leroy E. Burney has repeatedly urged intensive campaigns to vaccinate everybody under 40.

Man Charged In Bid To Kill Wife, In-Law

SANTA MONICA, Calif. (AP)—A Pacific Palisades builder has been charged with trying to kill his wife and mother-in-law by pushing them over a cliff in an automobile.

John Briggs, 37, was accused Tuesday of two counts of attempted murder.

His wife, Norma, 34, and her mother, Mary Nilson, 65, told police he got out of the auto and pushed it into a 450-foot-deep canyon, then ran down the canyon wall and struck them with a tire iron and rock.

Electric To Go Up

WARREN, Ohio (AP)—Electric bills of householders here will go up about six per cent Nov. 1, and those of commercial customers by 3½ per cent under a new Ohio Edison rate schedule council has approved by a 9-1 vote. The average residential customer's monthly bill will go from $5.95 to $6.35, the company estimated.

Weatherman Was Correct; Wasn't Rain

SAN DIEGO, Calif. (AP)—The weatherman was right when he said the mysterious moisture which has been falling on Charles Coval's backyard wasn't rain.

It was bug juice.

The phenomenon was explained by scientists Tuesday after Coval, meteorologists, engineers, newsmen and everybody else admitted they were puzzled.

Dr. Rudolph Preisendorfer, research physicist at the University of California, La Jolla, led the unofficial scientific expedition to Coval's backyard after reading about the mysterious sprinkles in newspapers.

He climbed a tree and found the rain-making insects.

Preisendorfer identified them as leafhoppers, commonly called sharpshooters, and scentifically known as homopyera cicadellidae homalodisia.

They excret a spray of fluid, which the scientist said is sometimes politely called "honey dew," especially when they are disturbed.

The leafhoppers had been keeping wet an area 20-foot square.

Coval, a missile plant engineer who has had more visitors than usual since the rain was discovered Sunday, said he was mighty glad the scientists had solved the mystery.

There usually is no rain from April to the end of October in Israel.

In 'Hole Of A Fix'

Small Town In California Figures It's Goin' Down

JACUMBA, Calif. (AP) — This town is goin' down.

Not downhill or downtown—just plain down.

The 300 or so folks who live in this farming community two miles from the Mexican border figure they're in a hole of a fix. The mystery began a week ago when a small crack appeared in the ground near the town's emergency airfield.

It lengthened to 75 yards Monday and became a hole 150 yards long, 5 feet deep and 3 feet wide Tuesday.

It all but swallowed a tractor cutting across a field. A tow truck had to haul it out.

When rancher Hank Ketchum recovered his tractor, he noticed that water from his irrigation ditch was vanishing down two nearby holes. He had to dam up his irrigation ditch.

A 17-year-old-girl who went to look at it was buried up to her knees when the ground gave way beneath her. She was pulled out unharmed.

Geologist Don Weaver has an explanation.

Jacumba is about 150 feet above an ancient lava shelf. Runoff water from a nearby Mexican mountain range has caused subterranean erosion. The result: the shelf is caving in and the earth is settling. There were cloudbursts and flash floods here two weeks ago.

Weaver says the earth settling could continue for a week, 10 days or longer.

Churchill Observes No Smoking On Plane

LONDON (AP) — Sir Winston Churchill observed the no smoking rule today on boarding a British airliner for the Riviera. Usually he ignores it.

The British elder statesman's car drove him and Lady Churchill to within a few yards of the steps of the airliner, and Churchill put out his cigar before getting out. 1;

"As far as I know nobody has dropped a hint," said a spokesman for British European Airways. "We would never stop him. He has been traveling with us a long time and is certainly a very special passenger."

Senate Okay Of Mueller Is Expected

WASHINGTON A(P) — Indications are that the Senate will consider the nomination of Frederick H. Mueller as secretary of commerce without the bitter controversy that flared over his predecessor, Lewis L. Strauss.

President Eisenhower nominated Mueller formally Tuesday for the post in which he has been acting since the Senate rejected Strauss. He had been undersecretary.

Mueller, a popular official who doesn't stand on ceremony, is generally regarded in the Senate as an almost exact opposite to the controversial Strauss.

Mueller, who has served in the Commerce Department since 1955, formerly was a partner in the Mueller Furniture Co. of Grand Rapids, Mich. He is a Republican.

The Chicago fire was in 1871.
